Weekly Permit Bulletin

January 24, 2019

Providing official notice of land use applications, meetings, decisions, recommendations, hearings, and appeals of land use decisions within the City of Bellevue

How to use this Bulletin

To learn more about a project:

- Call the planner assigned to the project to make arrangements to review the project files.
- Visit City Hall Public Records between 8 a.m. and 4 p.m. Monday through Friday and review the project files.
- Click the name of the project to view digital plans.

To comment on a project:

- Send your comments in writing to the Development Services Department, and be sure to include your name and address.
- Comments will be accepted until the time a staff report is prepared for the decision or recommendation, with a minimum comment period of at least 14 days (30 days for shoreline projects).
- If you submit a written comment, we will send you a copy of the notice of decision or recommendation.

To appeal a permit decision:

- You must have filed a written comment expressing your concerns before the decision was made.
- Any appeal of a DSD decision to the Hearing Examiner must be received by the City Clerk's Office no later than 5 p.m. on the appeal deadline indicated on the notice. The appeal must include a written statement in the form described in LUC 20.35.250.A.2 together with an appeal notification form. [Link to Form](#)
- An appeal of a shoreline decision is made to the State Shoreline Hearing Board, must be in writing, and must be filed within 21 days of the date the DSD decision is received by the State Department of Ecology (DOE). The DSD decision will be sent to DOE by the close of business on the date of this notice. For additional information regarding shoreline appeals, please call the Shore Hearings Board at 360-459-6327.

GENERAL INFORMATION REGARDING USE OF OPTIONAL DNS PROCESS

When the SEPA field indicates a **Determination of Nonsignificance (DNS)** is expected, the optional DNS process is being used and a DNS is likely. This may be the only opportunity to comment on the environmental impacts of the proposal. The proposal may include mitigation measures under applicable codes, and the project review process may incorporate or require mitigation measures regardless of whether an Environmental Impact Statement (EIS) is prepared. The Threshold Determination will also be noticed in a subsequent issue of this Weekly Permit Bulletin. A copy of the subsequent Threshold Determination for the proposal may be obtained upon request.

NOTICE OF DECISION, RECOMMENDATION, PREHEARING CONFERENCE AND PUBLIC HEARING

Energize Eastside, South Bellevue Segment

Location: Substation-13625 SE 26th St. and 13615 SE 26th St. and south to the Bellevue city limits at 6927 128th PL SE within PSE's existing transmission line corridor.

Subarea: Richards Valley, Factoria, Newport Hills

File Number: 17-120556-LB and 17-120557-LO

Description: Director's Recommendation of approval with conditions on Conditional Use Permit and Director's Decision approving with conditions Critical Areas Land Use Permit for the construction of a new substation and 230 kV transmission lines in the City of Bellevue. PSE plans to construct a new substation in Bellevue ("Richards Creek substation") and to upgrade approximately 16 miles of two existing 115 kV transmission lines with 230 kV lines across multiple jurisdictions from Redmond to Renton (referred to as the "Energize Eastside project" or "the Project"). In Bellevue, PSE is applying for permits to construct the Project in two phases. The first phase ("South Bellevue Segment") is the subject of PSE's proposal and this Staff Report, and includes upgrading 3.3 miles of existing 115 kV lines with 230 kV lines between the Lakeside substation and the southern city limits of Bellevue. The remainder of the southern portion of the Project crosses Newcastle and an area of unincorporated King County and terminates in Renton. In Bellevue, PSE proposes the replacement of existing wooden H-frame poles with steel monopoles within the existing utility

corridor. The proposed pole locations for the rebuilt lines will be in the same general locations as the existing poles. Construction of the Richards Creek substation, a new 230 kV to 115 kV substation, will be directly south of PSE's existing Lakeside switching station. The new substation will be located on parcel 102405-9130 (13625 SE 30th Street), which is currently used as a PSE pole storage yard. The parcel is 8.46 acres in size and contains critical areas (steep slopes, wetlands, and streams). Access to the substation site is from SE 30th Street.

NOTICE OF DECISION, RECOMMENDATION, PREHEARING CONFERENCE AND PUBLIC HEARING

[Energize Eastside , South Bellevue Segment](#)

Location: Substation-13625 SE 26th St. and 13615 SE 26th St. and south to the Bellevue city limits at 6927 128th PL SE within PSE's existing transmission line corridor.

Subarea: Richards Valley, Factoria, Newport Hills

File Number: 17-120556-LB and 17-120557-LO

Description: Director's Recommendation of approval with conditions on Conditional Use Permit and Director's Decision approving with conditions Critical Areas Land Use Permit for the construction of a new substation and 230 kV transmission lines in the City of Bellevue. PSE plans to construct a new substation in Bellevue ("Richards Creek substation") and to upgrade approximately 16 miles of two existing 115 kV transmission lines with 230 kV lines across multiple jurisdictions from Redmond to Renton (referred to as the "Energize Eastside project" or "the Project"). In Bellevue, PSE is applying for permits to construct the Project in two phases. The first phase ("South Bellevue Segment") is the subject of PSE's proposal and this Staff Report, and includes upgrading 3.3 miles of existing 115 kV lines with 230 kV lines between the Lakeside substation and the southern city limits of Bellevue. The remainder of the southern portion of the Project crosses Newcastle and an area of unincorporated King County and terminates in Renton. In Bellevue, PSE proposes the replacement of existing wooden H-frame poles with steel monopoles within the existing utility

The Weekly Permit Bulletin – January 24, 2019, Page 4

corridor. The proposed pole locations for the rebuilt lines will be in the same general locations as the existing poles. Construction of the Richards Creek substation, a new 230 kV to 115 kV substation, will be directly south of PSE's existing Lakeside switching station. The new substation will be located on parcel 102405-9130 (13625 SE 30th Street), which is currently used as a PSE pole storage yard. The parcel is 8.46 acres in size and contains critical areas (steep slopes, wetlands, and streams). Access to the substation site is from SE 30th Street.

Subject: RE: Energize Eastside Permit Phase 1 Comments

Hi Norm,

Your comments were received and are part of the permit file and therefore I can confirm you are a party of record. You can also make comments during the hearing examiners process.

Here is copy of the notice which was sent:

NOTICE OF DECISION, RECOMMENDATION, PREHEARING CONFERENCE AND PUBLIC HEARING
Energize Eastside , South Bellevue Segment

Location: Substation-13625 SE 26th St. and 13615 SE 26th St. and south to the Bellevue city limits at 6927 128th PL SE within PSE's existing transmission line corridor.

Subarea: Richards Valley, Factoria, Newport Hills

File Number: 17-120556-LB and 17-120557-LO

Description: Director's Recommendation of approval with conditions on Conditional Use Permit and Director's Decision approving with conditions Critical Areas Land Use Permit for the construction of a new substation and 230 kV transmission lines in the City of Bellevue. PSE plans to construct a new substation in Bellevue ("Richards Creek substation") and to upgrade approximately 16 miles of two existing 115 kV transmission lines with 230 kV lines across multiple jurisdictions from Redmond to Renton (referred to as the "Energize Eastside project" or "the Project"). In Bellevue, PSE is applying for permits to construct the Project in two phases. The first phase ("South Bellevue Segment") is the subject of PSE's proposal and this Staff Report, and includes upgrading 3.3 miles of existing 115 kV lines with 230 kV lines between the Lakeside substation and the southern city limits of Bellevue. The remainder of the southern portion of the Project crosses Newcastle and an area of unincorporated King County and terminates in Renton. In Bellevue, PSE proposes the replacement of existing wooden H-frame poles with steel monopoles within the existing utility

corridor. The proposed pole locations for the rebuilt lines will be in the same general locations as the existing poles. Construction of the Richards Creek substation, a new 230 kV to 115 kV substation, will be directly south of PSE's existing Lakeside switching station. The new substation will be located on parcel 102405-9130 (13625 SE 30th Street), which is currently used as a PSE pole storage yard. The parcel is 8.46 acres in size and contains critical areas (steep slopes, wetlands, and streams). Access to the substation site is from SE 30th Street.

Subject: Energize Eastside Permit Phase 1 Comments

January 7, 2019

Energize Eastside Permit Phase 1 Comments From Norman Hansen, 3851 136th Ave. NE, Bellevue, WA 98005. based on Bellevue Land Use Code 20.20.255 Requirements.

Project Need: The electrical facility location is not a consequence of needs or demands from customers located within the residential district or area. Current data does not show residential areas of need. A load usage and forecast needs to be provided for those residential areas impacted.

ALTERNATIVE SITING ANALYSIS: PSE never did an underground preferred route analysis even though requested multiple times during the Community Advisory Group Process (CAG). CAG members were a handpicked select group determined by PSE in 2013 to examine a preferred route.

As a member of this group it seemed like it was commissioned to verify the PSE existing route. The existing route will overburden current private easements and allow PSE to be unjustly enriched at the expense of current residents.

This overhead route cannot fully mitigate the view.

ENVIRONMENTAL IMPACT: VIEW MITIGATION; The only way to completely mitigate an overhead line and preserve beautiful views is to place the project underground in a selected preferred underground route.

Although requested multiple times, an underground preferred route was never analyzed and reviewed by the CAG Advisory Group. This certainly is not in the public interest.

Undergrounding of 230,000 volt transmission lines are economically and technically feasible. San Diego Power and Light recently completed undergrounding a 230,000 volt double circuit 11 miles long to improve reliability and minimize environmental impact.

Many other projects both domestic and international jurisdictions are utilizing new technology to provide economically doable undergrounding especially as modern cities develop.

Overhead wiring is no longer a modern solution, in fact the best reliability is obtained by undergrounding.

OTHER ENVIRONMENTAL IMPACT: The city of Bellevue's Tree Canopy Goal is 40% tree canopy. Current inventory indicates a tree canopy of 38%. Energize Eastside overhead lines will not support or help to achieve a 40% tree canopy goal. It takes 40 to 50 years for newly planted small trees to achieve existing 80 foot plus tree maturity. A substantial number of significant trees will be lost with overhead wires. Many neighborhoods highly value the character of the tree canopy.

INDEPENDENT TECHNICAL REVIEW: BELLEVUE TECHNOLOGICAL EXPERTISE; Bellevue needs to require PSE to obtain EE Project review from the Washington State Energy Facility Energy Site Evaluation Council (EFSEC) to provide an unbiased project review to protect the public interest (see efsec.wa.gov). Bellevue struggles with technical understanding of electrical complex issues

such as EE. This is even true when trying to hire unbiased consultants. The Exponent Report in 2011 page 147 Recommendation "Bellevue's ability to be a knowledgeable stakeholder will require an assignment of an engineer knowledgeable in the electrical power system to foster interaction with stakeholders". However, this recommendation has been consistently ignored by Bellevue.

The Washington Utilities and Transportation Commission PSE Integrated Resource Plan is scheduled shortly to review transmission lines such as EE South and EE North. It is appropriate and prudent for Bellevue and other Eastside Cities to be aware of the report data prior to permit approval.

SUMMARY: Bellevue must preserve and protect the public interest through full knowledge being provided by the UTC and other recent studies regarding load forecasting by other entities. It is unacceptable to agree with PSE recommendations without transparency of load analysis and practical peer load forecasting.

Weekly Permit Bulletin

August 23, 2018

Providing official notice of land use applications, meetings, decisions, recommendations, hearings, and appeals of land use decisions within the City of Bellevue

How to use this Bulletin

To learn more about a project:

- Call the planner assigned to the project to make arrangements to review the project files.
- Visit City Hall Public Records between 8 a.m. and 4 p.m. Monday through Friday and review the project files.
- Click the name of the project to view digital plans.

To comment on a project:

- Send your comments in writing to the Development Services Department, and be sure to include your name and address.
- Comments will be accepted until the time a staff report is prepared for the decision or recommendation, with a minimum comment period of at least 14 days (30 days for shoreline projects).
- If you submit a written comment, we will send you a copy of the notice of decision or recommendation.

To appeal a permit decision:

- You must have filed a written comment expressing your concerns before the decision was made.
- Any appeal of a DSD decision to the Hearing Examiner must be received by the City Clerk's Office no later than 5 p.m. on the appeal deadline indicated on the notice. The appeal must include a written statement in the form described in LUC 20.35.250.A.2 together with an appeal notification form. [Link to Form](#)
- An appeal of a shoreline decision is made to the State Shoreline Hearing Board, must be in writing, and must be filed within 21 days of the date the DSD decision is received by the State Department of Ecology (DOE). The DSD decision will be sent to DOE by the close of business on the date of this notice. For additional information regarding shoreline appeals, please call the Shore Hearings Board at 360-459-6327.

GENERAL INFORMATION REGARDING USE OF OPTIONAL DNS PROCESS

When the SEPA field indicates a **Determination of Nonsignificance (DNS)** is expected, the optional DNS process is being used and a DNS is likely. This may be the only opportunity to comment on the environmental impacts of the proposal. The proposal may include mitigation measures under applicable codes, and the project review process may incorporate or require mitigation measures regardless of whether an Environmental Impact Statement (EIS) is prepared. The Threshold Determination will also be noticed in a subsequent issue of this Weekly Permit Bulletin. A copy of the subsequent Threshold Determination for the proposal may be obtained upon request.

Heidi,

Attached is a map and two spreadsheets of mailing labels for the Energize Eastside South Segment. Both spreadsheets contain property addresses within 500 ft of properties that are adjacent to the Energize Eastside South Segment route. One of the spreadsheets contains the Tax Payers of the properties, and the other contains the Current Occupants of the properties. Let me know if you need anything else.

Weekly Permit Bulletin

October 19, 2017

Providing official notice of land use applications, meetings, decisions, recommendations, hearings, and appeals of land use decisions within the City of Bellevue

How to use this Bulletin

To learn more about a project:

- Call the planner assigned to the project to make arrangements to review the project files.
- Visit City Hall Public Records between 8 a.m. and 4 p.m. Monday through Friday and review the project files.
- Click the name of the project to view digital plans.

To comment on a project:

- Send your comments in writing to the Development Services Department, and be sure to include your name and address.
- Comments will be accepted until the time a staff report is prepared for the decision or recommendation, with a minimum comment period of at least 14 days (30 days for shoreline projects).
- If you submit a written comment, we will send you a copy of the notice of decision or recommendation.

To appeal a permit decision:

- You must have filed a written comment expressing your concerns before the decision was made.
- Any appeal of a DSD decision to the Hearing Examiner must be received by the City Clerk's Office no later than 5 p.m. on the appeal deadline indicated on the notice. The appeal must include a written statement in the form described in LUC 20.35.250.A.2 together with an appeal notification form. [Link to Form](#)
- An appeal of a shoreline decision is made to the State Shoreline Hearing Board, must be in writing, and must be filed within 21 days of the date the DSD decision is received by the State Department of Ecology (DOE). The DSD decision will be sent to DOE by the close of business on the date of this notice. For additional information regarding shoreline appeals, please call the Shore Hearings Board at 360-459-6327.

To receive the bulletin by email:

GENERAL INFORMATION REGARDING USE OF OPTIONAL DNS PROCESS

When the SEPA field indicates a **Determination of Nonsignificance (DNS)** is expected, the optional DNS process is being used and a DNS is likely. This may be the only opportunity to comment on the environmental impacts of the proposal. The proposal may include mitigation measures under applicable codes, and the project review process may incorporate or require mitigation measures regardless of whether an Environmental Impact Statement (EIS) is prepared. The Threshold Determination will also be noticed in a subsequent issue of this Weekly Permit Bulletin. A copy of the subsequent Threshold Determination for the proposal may be obtained upon request.

NOTICE OF APPLICATION

Energize Eastside

Location: Substation-13625 SE 26th St. and 13615 SE 26th St. and south to the Bellevue city limits at 6927 128th PL SE within PSE's existing transmission line corridor.

Subarea: Richards Valley, Factoria, Newport Hills

File Number: 17-120556-LB and 17-120557-LO

Description: Application for Conditional Use Permit and Critical Areas Land Use Permit approval to construct a new substation and 230 kV transmission line. Puget Sound Energy, Inc. (PSE) proposes the construction of a new substation in Bellevue ("Richards Creek substation") and the upgrade of 18 miles of two existing 115 kV transmission lines with 230 kV lines (collectively referred to as the "Energize Eastside") from Renton to Redmond. In Bellevue, PSE is proposing to apply for permits to construct the project in two phases. The first phase ("South Bellevue Segment"), the subject of this application, includes upgrading 3.3 miles (Bellevue Portion) of existing 115 kV lines with 230 kV lines between the Lakeside substation and the southern city limits of Bellevue. The remainder of the southern portion of the project continues through the city of Newcastle, unincorporated King County and the City of Renton. Bellevue only has permitting authority for work proposed in its jurisdiction. The project involves the replacement of existing wood H-frame poles with steel monopoles. Within the existing utility corridor, the proposed pole locations for the rebuilt lines will generally be in the same locations as the existing poles. Construction of the Richards Creek substation, a new 230 kV to 115 kV substation, will be constructed directly south of PSE's existing Lakeside Switching Station. The new substation will be located on parcel 1024059083 (13625 SE 26th St.) currently used as a PSE pole storage yard. The parcel is 8.46 acres in size and contains critical areas (steep slopes, wetlands, and streams). Access to the substation is from SE 30th Street.

Approvals Required: Conditional Use Permit approval Critical Areas Land Use Permit approval and ancillary permits and approvals

SEPA: An EIS is being prepared and is expected to be released in early 2018 (File # 15-
