CITY OF BELLEVUE, WASHINGTON

ORDINANCE NO. 4948

AN ORDINANCE establishing revised sewerage service charges; repealing Ordinance No. 4846; and establishing an effective date.

WHEREAS, an overall 0.2% increase in sewer revenue from sewerage service customers is required to balance the Sewer Utility Budget within the Waterworks Utility; and

WHEREAS, it is therefore necessary and in the public interest to establish the following amended schedule of rates for the sewerage service area for the Sewer Utility of the City of Bellevue; now, therefore,

THE CITY COUNCIL OF THE CITY OF BELLEVUE, WASHINGTON, DOES ORDAIN AS FOLLOWS:

Section 1. Charges Established - Effective Date. There are hereby established and shall be collected from each user in the sewerage service area for the Sewer Utility of the City of Bellevue sewerage service charges as hereinafter provided. The charges hereby established shall apply to sewerage service provided on and after January 1, 1997, as hereinafter indicated, and shall supersede all existing schedules of charges as of said date.

Section 2. Single Family Residential Structures.

A. The service charge for single-family residential units shall be \$38.20 per bimonthly billing period plus a volume charge based on the bimonthly winter average water consumption for the structure, as follows:

<u>Winter-Average Cubic Feet Consumed</u>	<u>Charge Per Hundred Cubic Feet of Water</u>	
	<u>1997</u>	<u>1998</u>
0-5,000	\$1.02	\$1.03
Over 5,000	1.76	1.77

B. For purposes of these charges, winter-average consumption is the average bimonthly water volume recorded on three normal meter readings during the period of December 15 through June 15 of the preceding year. Winter-average consumption for each residence will be recomputed before the start of each year and that volume will be used to compute the bimonthly sewer volume charge for the residence for the entire calendar year.

C. For those residences that are not Bellevue water customers, actual meter reading data necessary to compute the residence's winter-average water consumption will be obtained from the customer's water district, whenever possible. Where that data is unavailable and for new structures where water consumption data necessary to compute actual winter-average consumption has not been recorded, bimonthly sewer volume charges for the residence will be based on Bellevue's system-wide winter-average residential consumption of 1,500 cubic feet for a two-month period.

D. The Utilities Department Director shall have authority under this ordinance to adopt procedures necessary for the efficient and equitable administration of the residential volume-based sewer rate structure.

Section 3. Multifamily Residential Structures or Facilities.

The service charge for each multifamily residential structure or facility shall be \$33.99 for 1997 and \$34.10 for 1998 per bimonthly billing period for each dwelling unit, plus \$3.09 for 1997 and \$3.10 for 1998 per 100 cubic feet of water consumed by such structure or facility in excess of 1,100 cubic feet per dwelling unit during each bimonthly billing period.

For the purposes of this Section 3, "multifamily residential structure or facility" shall mean any residential structure or facility containing two or more dwelling units, including but not limited to duplexes, triplexes, apartment buildings, condominiums, trailer parks, and parcels containing two or more separate dwelling units, but shall not include hotels and motels.

Section 4. Non-residential Structures or Facilities.

A. The service charge for non-residential structures or facilities shall be based on water consumption by each structure or facility and shall be computed as follows:

\$3.43 for 1997 and \$3.44 for 1998 per 100 cubic feet of water consumption per bimonthly billing period.

Provided, there shall be a minimum charge of \$53.50 for 1997 and \$53.65 for 1998 per bimonthly billing period.

For purposes of this Section 4, "non-residential structure or facilities" shall mean any structure or facility not governed by Section 2 or Section 3 of this ordinance and shall include, but not be limited to, any commercial, industrial, business, trade, school or municipal structure or facility.

Section 5. METRO Charges. In addition to these rates and charges for sewerage service established in this ordinance, or otherwise established by the City, the following

0028-ORD

METRO charges are imposed to ensure compliance with Section 204 of Public Law 92-500 (22 U.S.C. 1251) CFR Part 35, Subpart E:

A. A "surcharge" in an amount to be determined as provided in METRO Resolution Nos. 2315 and 2557, as now constituted or hereafter amended, said charge to be added to the customer's regular bill.

B. An "ICR" charge in an amount to be determined as provided in METRO Resolution Nos. 2556 and 3374, as now constituted or hereafter amended, said charge to be billed separately to qualifying industrial customers on an annual basis.

C. An administrative charge of \$15.00 shall be added to each customer bill that contains a METRO "surcharge" or "ICR charge."

D. The City of Bellevue, in cooperation with METRO, shall maintain such records as are necessary to document that its sewerage charges comply with the above-cited federal laws and regulations and METRO regulations.

Section 6. User Charges - Outside. The charges for each user outside the city or town limits of Bellevue, Clyde Hill, Hunts Point, Medina and Yarrow Point shall be the sum of any applicable charges under Sections 2, 3, 4 and 5 of this ordinance.

Section 7. User Charges - Inside. The charges for each user inside the city or town limits of Bellevue, Clyde Hill, Hunts Point, Medina and Yarrow Point shall be the sum of any applicable charges under Sections 2, 3, 4 and 5 multiplied by the percentage indicated below for that city or town:

Bellevue	104.9101%
Clyde Hill	111.6079%
Hunts Point	107.2506%
Medina	103.7777%
Yarrow Point	105.4856%

provided that the percentages set forth above may be administratively adjusted by the Utility Department Director to reflect any increase or decrease in any franchise fee required to be paid to such city or town by the Utility.

Section 8. Severability. If any section of this ordinance, or any portion of any section of this ordinance, or its application to any person or circumstance, is held invalid, the remainder of the ordinance or the application of the provision to other persons or circumstances, shall not be affected.

Section 9. Repeal. Ordinance No. 4846 is repealed as of January 1, 1997; provided, however, that any charges made for sewerage service under Ordinance No. 4846 are not invalidated by the repeal of that ordinance.
