SUBJECT: 2014 STATE LEGISLATIVE SESSION UPDATE

STAFF CONTACT: Joyce Nichols, City Manager's Office, 452-4225

POLICY ISSUE: The State Legislature addresses a range of policy issues of interest to the City.

NEEDED FROM COUNCIL: Council may wish to provide direction to staff regarding particular legislative proposals.

BACKGROUND

Staff provided Council a written update on January 21 that summarized the first week of the state legislative session that began January 13. At the January 27 study session, staff will provide an oral update on bills of interest to Bellevue.

As you know, the Association of Washington Cities (AWC) is holding its annual legislative conference, "City Action Days", Wednesday, January 29 and Thursday, January 30, in Olympia. This is an opportunity for city elected officials to take part in activities that highlight legislative priorities and concerns of cities from around the state. It's not too late to register for the conference.
