MEMORANDUM

Date: March 3, 2014

To: Mayor Balducci and City Councilmembers

From: Myrna Basich, Assistant City Manager/City Clerk

Subject: Recommendation to reschedule March Regional Issues

As you know, a 4-hour Budget Workshop has been scheduled for the March 24 Extended Study Session. In order to provide a full four hours to discuss the upcoming budget process that evening, we will need to re-calendar that night's Regional Issues session. Current Council Rules Section 6.B. relating to the order of the agenda directs that Regional Issues be conducted at "fourth Monday" meetings.

I am hereby requesting flexibility to consolidate the March and April Regional Issues sessions on Monday, April 28. Staff will continue to provide Legislative updates and other timely information in writing during the interim, or will schedule time at Study Session if a topic emerges that requires an earlier response.

If you concur with this proposal, following is suggested motion language to amend your rules for this temporary purpose:

Draft Motion:

I move to authorize a temporary amendment to Council Rules to allow rescheduling of the March Regional Issues discussion to April 28.
