Housing the people of Bellevue

ARTHUR SULLIVAN, MANAGER OF A REGIONAL COALITION FOR HOUSING (ARCH), will talk about the range of housing needs in Bellevue. Learn about the community impacts of failing to provide housing for those who need and want to live in Bellevue. Discuss obstacles and possible solutions for families, seniors, homeless persons and others in need of housing.

Participants will have an opportunity to hear from all speakers and then choose a topic for focused group discussion. Dessert will be provided by Your Local Market.
