

Eastgate/I-90 Land Use & Transportation Project

OPEN HOUSE

**Thursday, October 2, 2014 • 7–8:30 p.m.
Newport Library • 14250 SE Newport Way**

In 2012 the Eastgate/I-90 Land Use and Transportation Project resulted in a community vision to enhance economic vitality, provide for neighborhood retail services, improve transportation options, improve environmental quality, develop visual character, support the mission of Bellevue College, and support the Mountains to Sound Greenway.

The City of Bellevue and its partners have been working to implement the community vision for the Eastgate/I-90 corridor. Come and see what we've been working on.

Drop in to learn more, ask questions, and tell us what you think!

City staff will be on hand to discuss:

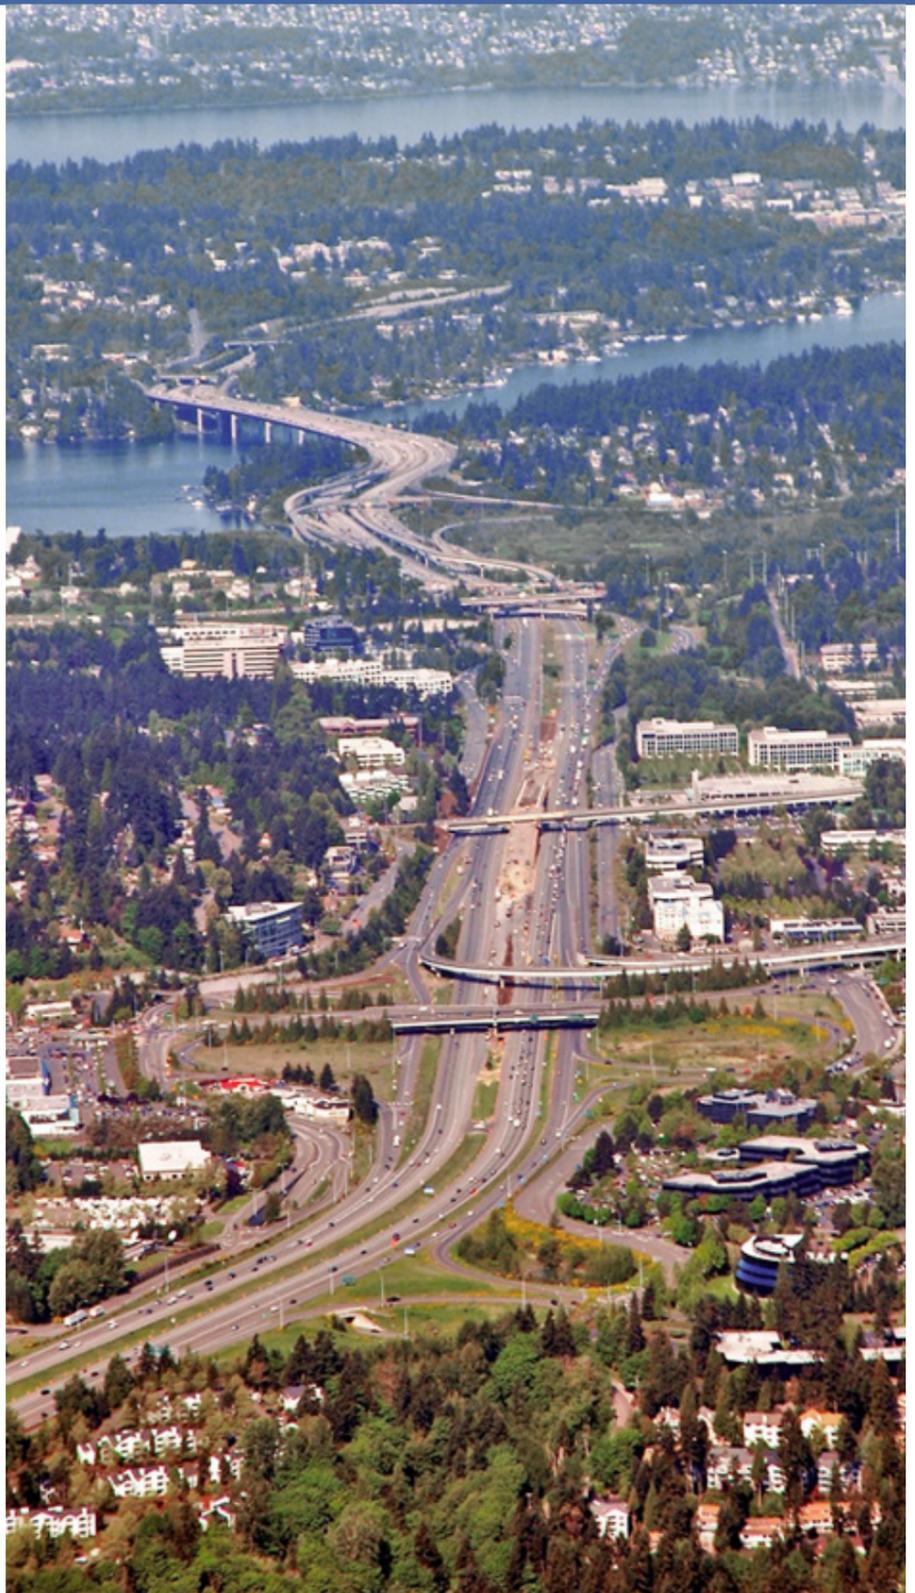

- Proposed land use changes
- Planning for transit, sidewalks, and the Mountains to Sound Greenway trail
- Parks planning at Bellevue Airfield Park

Chat with our corridor partners:

- Bellevue College
- The Mountains to Sound Greenway Trust

For more information go to:

bellevuewa.gov/eastgate-corridor.htm

The Eastgate/ I-90 study area includes the business areas on both sides of I-90 east of I-405.
