Education:

UNIVERSITY OF CALIFORNIA, San Diego 1987

B.A.: Visual Arts, Studio

Minor in Sciences

SAN DIEGO MESA COLLEGE

Summary of Skills:

I have been a freelance artist since 1990.

Having dedicated most of those years to Painting and Drawing, eventually I moved into the field of Sculptural Installations.

My personal and professional experience overlaps with my commercially related artwork in the Retail, Tourism, Restaurant and other industries.

I have also consulted and created Public artwork in conjunction with Hands on Miami (United Way), Educate Tomorrow and various other public schools.

I have created numerous Murals, Visual Merchandising Props and Displays, Interior Designs, Picture Framing and artwork restoration.

Exposure to different projects continuously adds new tools and experience that eventually become part of my work.
