

Plan Today for a Lasting Legacy

Did you know that portions of the Bellevue Botanical Garden, Lake-to-Lake Greenway and Chism Beach Park were donated to the city for public enjoyment?

Bellevue residents have a long history of contributing to the protection of our extraordinary open spaces and parks for the enjoyment of future generations.

You, too, can make a donation to the park system to ensure a legacy for your loved ones and your community.

Your planned gift to Bellevue parks is a long-term investment in the community.

For more information, contact Lorrie Peterson, City of Bellevue Parks Property and Acquisition Manager, at 425-452-4355 or lpeterson@bellevuewa.gov

Harriet and Cal Shorts donated their seven-acre estate in 1980. Today, thousands enjoy the Bellevue Botanical Garden at Wilburton Hill Park year-round.
