Master Plan Update

Contact: Scott Vander Hyden - SVanderHyden@bellevuewa.gov

Public Meeting (9/25)

- Access
- Program Elements
- Light Rail Screening

1. PARK ELEMENTS & USES: With the change in park accessibility, it is anticipated that park development and programming will have a reduced intensity. What park elements might be changed or removed?

Keep filament trees
 2 med picnic shelters
 N + S green spaces
 passive areas
 trails
 Speed bumps/Traffic calming
DOG OFF LEASH RUN AREA
 irrigation
 unified fence ht.
 move elements east
 discovery trail
 more aesthetic
 aesthetics vs activities
 med size basketball w/ full-sized key

2. ACCESS & PARKING: With access from 112th eliminated, what new locations are best suited for vehicular access and parking?

•North? East West end of SE 4th
 8-10 spaces max
 •South?
 •West? Parking lot?
 •Parking lot?

3. THE 112th PARK EDGE: How might the east edge of the park be modified in response to the new light rail trackway?

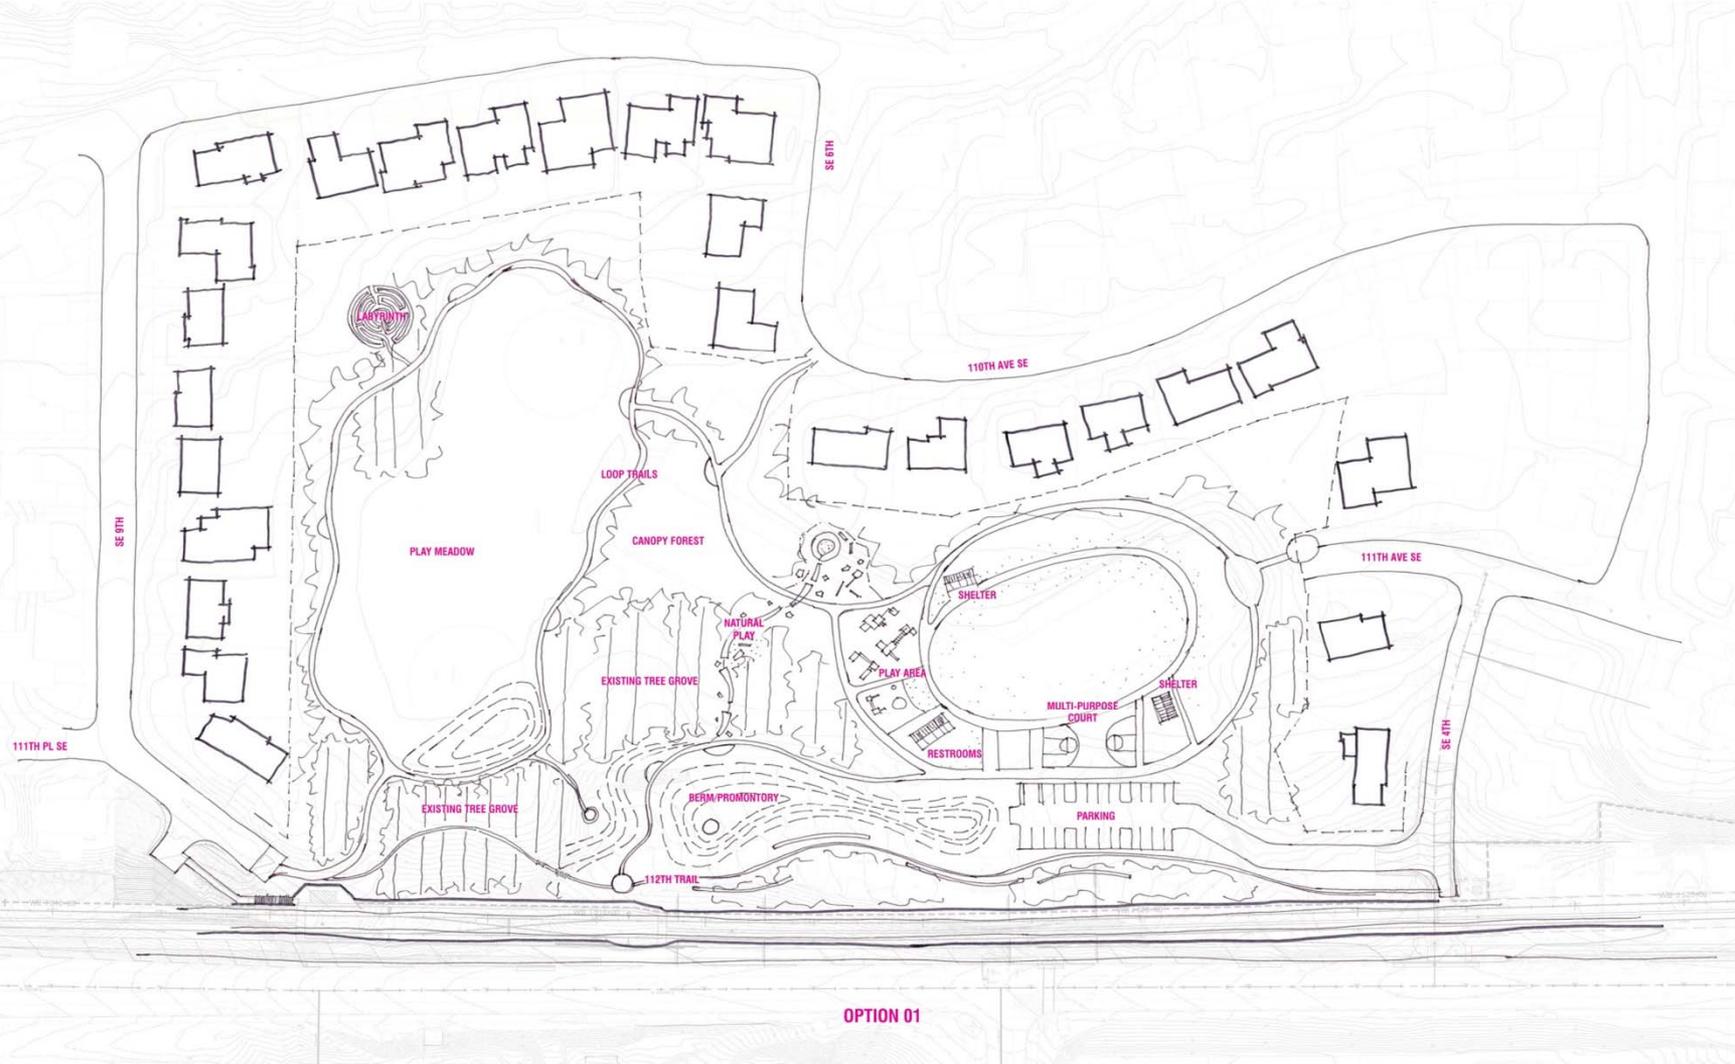

play access
 X people attend

Park Elements - High Priority

- ▶ SDPC is requesting to increase servicing elements in the park such as **restrooms, drinking fountains and improved lighting for security**
- ▶ **Highest Priority Features -**
 - ▶ Separated green spaces located throughout park
 - ▶ Multiple play areas for toddlers and elementary age children throughout the park
 - ▶ Multi-surface walking paths throughout the park
 - ▶ Multiple benches/resting spots throughout the park - especially around features

Park Elements - Important

- ▶ Not as high priority as the previous page but still expressing over half the community desiring the following elements
 - ▶ Landscaped viewpoint
 - ▶ Picnic tables
 - ▶ Short court basketball
 - ▶ Retaining Filbert Orchard
 - ▶ Public art and heritage commemoration of Surrey Downs Community
