### Transit Ridership: Avg Weekday Boardings

Downtown Transportation Plan Update

**Legend**  
Ridership (Showing On's and Off's)

- The size of the pie graph is relative to the total ridership at that location.
- On's
- Off's
- Bellevue Transit Center

Note:  
The relative size of each stop represents the TOTAL activity. It is the sum of On's and Off's at that stop. (The size of the graph at the Transit Center is NOT relative to the other graphs.)

Any stop with less than 20 On's + Off's is not graphed

The data is current as of Fall 2010. This data is descriptive of the average weekday boardings.
