EAST LINK FINAL DESIGN OPEN HOUSES

The East Link Extension cost savings decision is complete and design is progressing. The project is in final design, the process that advances design from 30 percent to 100 percent completion. Final design offers many opportunities for residents, neighborhood organizations, property owners and businesses to get involved. **Attend the open houses to learn more about the Downtown and South Bellevue segments.**

Kick Off
to Final Design

Get involved!

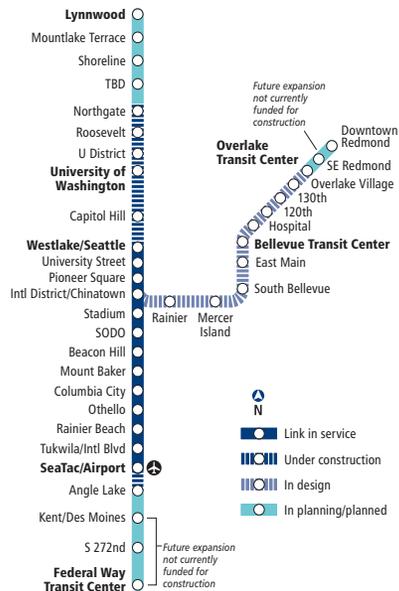

There's plenty to do before construction begins.

During final design, community members are encouraged to comment on station design, public art, station naming and more. These open houses will focus on the South Bellevue and Downtown segments, including the South Bellevue, East Main, Bellevue Transit Center and Hospital stations. Additional opportunities for public involvement will be available as final design progresses.

Sound Transit is focused on working with local jurisdictions and the community to deliver East Link Extension on time and within budget.
