

East Link Extension

Field Work Alert

August 2016

Field work happening near you

Geotechnical work is underway along the Washington State Department of Transportation (WSDOT) right-of-way southeast of SR 520 approximately between 136th PI NE and NE 40th St. **As early as August 29**, Sound Transit's contractor will work in a location east of 140th Ave NE and south of SR 520. Work in this location is anticipated to take one to two days to complete.

In order to access the work zone in WSDOT right-of-way the crew will need to temporarily close a portion of the easternmost northbound lane on 140th Ave NE. One northbound lane of traffic will remain open at all times.

What to expect

- Temporary lane closures on northbound 140th Ave NE. Expect intermittent traffic delays.
- A flagger will be present to assist pedestrians in getting around the work zone.
- Noise from drilling and equipment in the work area.
- Typical work hours are 7:00 a.m. – 6:00 p.m.
- Access to businesses will be maintained at all times.

East Link Extension is a key element of the regional mass transit system approved by voters in 2008. This 14-mile light rail line will benefit local communities and support regional growth with fast, frequent and reliable light rail service, connecting Seattle to the Eastside's biggest population and employment centers. The project builds on the Central Link light rail system running between Sea-Tac Airport and downtown Seattle and the University Link Extension that is scheduled to open in 2016. East Link is part of the new light rail extensions being built north, south and east from Seattle.
