C. SUPPLEMENTAL SHEET FOR NONPROJECT ACTIONS (do not use this sheet for project actions)

SUMMARY

Project Summary: This is a proposed amendment to the Comprehensive Plan, including the Transportation Element, the Bel Red Subarea Plan, and applicable Transportation Facility Plans (TFP) of the Comprehensive Plan. The projects are described in more detail under General Description on page 1.

Environmental Summary per WAC 197-11-235(3)(b):

State the proposal's objectives: To comply with the requirements of the GMA by amending the Comprehensive Plan for transportation elements at RCW 36.70A.070 (6).

Specify the purpose and need to which the proposal is responding: Keeping the Comprehensive Plan up to date.

State the major conclusions, significant areas of controversy and uncertainty: None.

State the issues to be resolved, including the environmental choices to be made among alternative courses of action: None.

State the impacts of the proposal, including any significant adverse impacts that cannot be mitigated: The proposal is a non-project action to update the Transportation Element, Bel-Red Subarea Plan, and applicable Transportation Facility Plans (TFP) of the Comprehensive Plan in accordance with Growth Management Act provisions.

Describe any proposed mitigation measures and their effectiveness: No specific development is being approved with this proposal. Future development under the provisions of the regulation will be subject to SEPA review, as well as to the city's development regulations.

1. How would the proposal be likely to increase discharge to water, emissions to air, production, storage, or release of toxic or hazardous substances; or production of noise?

- The plan amendments proposed will not directly increase discharges to water, emissions to air, produce, store or release toxic or hazardous substances, or produce noise.

Proposed measures to avoid or reduce such increases are: None.

2. How would the proposal be likely to affect plants, animals, fish or marine life?

There are no known direct impacts to plants, animals, fish or marine life that will result from the proposal.

Proposed measures to protect or conserve plants, animals, fish or marine life are: None.

3. How would the proposal be likely to deplete energy or natural resources?

The proposal is not likely to deplete energy or natural resources.

Proposed measures to project or conserve energy and natural resources are: None.

4. How would the proposal be likely to use or affect environmentally sensitive areas or areas designated (or eligible or under study) for governmental protection; such as parks, wilderness, wild and scenic rivers, threatened or endangered species habitat, historic or cultural sites, wetlands, floodplains, or prime farmlands?

There are no known direct impacts to sensitive areas, habitat, historic sites or other protected areas that will result from the proposal.

Proposed measures to protect such resources or to avoid or reduce impacts are: None.

5. How would the proposal be likely to affect land and shoreline use, including whether it would allow or encourage land or shoreline uses incompatible with existing plans?

The proposal is not likely to affect land and shoreline use.

Proposed measures to avoid or reduce shoreline and land use impacts are: None.

6. How would the proposal be likely to increase demands on transportation or public services and utilities?

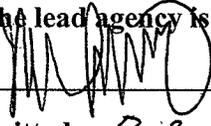

The proposal itself does not increase demands on transportation or public services and utilities.

Proposed measures to reduce or respond to such demand(s) are: None.

7. Identify, if possible, whether the proposal may conflict with local, state, or federal laws or requirements for the protection of the environment.

No conflicts are known or anticipated.

D. The above answers are true and complete to the best of my knowledge. I understand that the lead agency is relying on them to make its decision.
