Location: 14219 and 14221 Lake Hills Blvd

File Number: 13-113308-LD

Description: Application for Design Review Permit approval to renovate and add an additional 885 square feet to an existing structure to locate a new child care use. Design review is required because the property is located in a transition design district overlay adjacent to a single family residential zoning district. The site is also located in the East Bellevue Community Council boundary.
