BELLEVUE, WA 98009-9012

OPTIONAL DETERMINATION OF NON-SIGNIFICANCE (DNS) NOTICE MATERIALS

The attached materials are being sent to you pursuant to the requirements for the Optional DNS Process (WAC 197-11-355). A DNS on the attached proposal is likely. This may be the only opportunity to comment on environmental impacts of the proposal. Mitigation measures from standard codes will apply. Project review may require mitigation regardless of whether an EIS is prepared. A copy of the subsequent threshold determination for this proposal may be obtained upon request.

File No. 13-135414-WE

Project Name/Address: Fowler Mooring Piles/2043 Killarney Way

Planner: David Wong

Phone Number: 425-452-4282/Dwong@bellevuewa.gov

Minimum Comment Period: January 16, 2014

Materials included in this Notice:

- Blue Bulletin
- Checklist
- Vicinity Map
- Plans

Fowler Mooring Piles
File Number: 13-135414-WE

City of Bellevue Submittal Requirements	27a
ENVIRONMENTAL CHECKLIST	
4/11/2013	
If you need assistance in completing the checklist or have any questions regarding the environmental review process, please visit or call Development Services (425-452-6800) between 8 a.m. and 4 p.m., Monday through Friday (Wednesday, 10 to 4). Assistance for the hearing impaired: Dial 711 (Telecommunications Relay Service).	
BACKGROUND INFORMATION	
Property Owner: Killarney Way LLC - Harold Fowler	
Proponent:	
Contact Person: Evan Wehr - ecco design inc. (If different from the owner. All questions and correspondence will be directed to the individual listed.)	
Address: 203 N 36th Street Suite 201 Seattle, WA 98103	
Phone: 206-706-3937	
Proposal Title: Fowler Mooring Piles	
Proposal Location: 2043 Killarney Way, see sheet 1 for legal. (Street address and nearest cross street or intersection) Provide a legal description if available.	
Please attach an 8 1/2" x 11" vicinity map that accurately locates the proposal site.	
Give an accurate, brief description of the proposal's scope and nature:	
1. General description: Remove two existing mooring piles and install three new mooring piles.	
2. Acreage of site: 0.81	
3. Number of dwelling units/buildings to be demolished: N/A	
4. Number of dwelling units/buildings to be constructed: N/A	
5. Square footage of buildings to be demolished: N/A	
6. Square footage of buildings to be constructed: N/A	
7. Quantity of earth movement (in cubic yards): N/A	
8. Proposed land use: N/A	
9. Design features, including building height, number of stories and proposed exterior materials: N/A	
10. Other	

Estimated date of completion of the proposal or timing of phasing:

Summer 2014

Do you have any plans for future additions, expansion, or further activity related to or connected with this proposal? If yes, explain.

No

List any environmental information you know about that has been prepared, or will be prepared, directly related to this proposal.

None Known

Do you know whether applications are pending for governmental approvals of other proposals directly affecting the property covered by your proposal? If yes, explain. List dates applied for and file numbers, if known.

None Known

List any government approvals or permits that will be needed for your proposal, if known. If permits have been applied for, list application date and file numbers, if known.

Section 10 from U.S. Army Corps and HPA from W.D.F.W.

Please provide one or more of the following exhibits, if applicable to your proposal. (Please check appropriate box(es) for exhibits submitted with your proposal):

Land Use Reclassification (rezone) Map of existing and proposed zoning

A. ENVIRONMENTAL ELEMENTS

1. Earth

a. General description of the site: Flat Rolling Hilly Steep slopes Mountains Other

b. What is the steepest slope on the site (approximate percent slope)?

Approximately 50%

c. What general types of soil are found on the site (for example, clay, sand, gravel, peat, and muck)? If you know the classification of agricultural soils, specify them and note any prime farmland.

Sand and gravel at the location of the proposed piles.

- d. Are there surface indications or history of unstable soils in the immediate vicinity? If so, describe.
None known.

- e. Describe the purpose, type, and approximate quantities of any filling or grading proposed. Indicate source of fill.
N/A

- f. Could erosion occur as a result of clearing, construction, or use? If so, generally describe.
No

- g. About what percent of the site will be covered with impervious surfaces after project construction (for example, asphalt or buildings)?
No change in impervious surface.

- h. Proposed measures to reduce or control erosion, or other impacts to the earth, if any:
None proposed.

2. AIR

- a. What types of emissions to the air would result from the proposal (i.e. dust, automobile odors, and industrial wood smoke) during construction and when the project is completed? If any, generally describe and give approximate quantities if known.
None

- b. Are there any off-site sources of emissions or odor that may affect your proposal? If so, generally describe.
None

- c. Proposed measures to reduce or control emissions or other impacts to the air, if any:
None

3. WATER

a. Surface

- (1) Is there any surface water body on or in the immediate vicinity of the site (including year-round and seasonal streams, saltwater, lakes, ponds, wetlands)? If yes, describe type and provide names. If appropriate, state what stream or river it flows into.

Yes, Lake Washington

- (2) Will the project require any work over, in, or adjacent to (within 200 feet) the described waters? If Yes, please describe and attach available plans.

Yes, see plans.

- (3) Estimate the amount of fill and dredge material that would be placed in or removed from surface water or wetlands and indicate the area of the site that would be affected. Indicate the source of fill material.

N/A

- (4) Will the proposal require surface water withdrawals or diversions? Give general description, purpose, and approximate quantities if known.

No

- (5) Does the proposal lie within a 100-year floodplain? If so, note location on the site plan.

Yes

- (6) Does the proposal involve any discharges of waste materials to surface waters? If so, describe the type of waste and anticipated volume of discharge.

No

b. Ground

- (1) Will ground water be withdrawn, or will water be discharged to ground water? Give general description.

No

- (2) Describe waste material that will be discharged into the ground from septic tanks or other sources, if any (for example: Domestic sewage; industrial, containing the following chemicals...; agricultural; etc.) Describe the general size of the system, the number of such systems, the number of houses to be served (if applicable), or the number of animals or humans the system(s) are expected to serve.

N/A

c. Water Runoff (Including storm water)

(1) Describe the source of runoff (including storm water) and method of collection and disposal, if any (include quantities, if known). Where will this water flow? Will this water flow into other waters? If so, describe.

N/A

(2) Could waste materials enter ground or surface waters? If so, generally describe.

No

d. Proposed measures to reduce or control surface, ground, and runoff water impacts, if any:

None

4. Plants

a. Check or circle types of vegetation found on the site:

- deciduous tree: alder, maple, aspen, other
- evergreen tree: fir, cedar, pine, other
- shrubs
- grass
- pasture
- crop or grain
- wet soil plants: cattail, buttercup, bulrush, skunk cabbage, other
- water plants: water lily, eelgrass, milfoil, other
- other types of vegetation

b. What kind and amount of vegetation will be removed or altered?

None

c. List threatened or endangered species known to be on or near the site.

None known.

d. Proposed landscaping, use of native plants, or other measures to preserve or enhance vegetation on the site, if any:

None proposed.

5. ANIMALS

- a. Check or circle any birds and animals which have been observed on or near the site or are known to be on or near the site:

Birds: hawk, heron, eagle, songbirds, other:

Mammals: deer, bear, elk, beaver, other:

Fish: bass, salmon, trout, herring, shellfish, other:

- b. List any threatened or endangered species known to be on or near the site.

Chinook Salmon, Steelhead, Bull Trout

- c. Is the site part of a migration route? If so, explain.

Salmon migrate past the site.

- d. Proposed measures to preserve or enhance wildlife, if any:

None proposed.

6. Energy and Natural Resources

- a. What kinds of energy (electric, natural gas, oil, wood stove, solar) will be used to meet the completed project's energy need? Describe whether it will be used for heating, manufacturing, etc.

N/A

- b. Would your project affect the potential use of solar energy by adjacent properties? If so, generally describe.

No

- c. What kinds of energy conservation features are included in the plans of the proposal? List other proposed measures to reduce or control energy impacts, if any:

Known

7. Environmental Health

- a. Are there any environmental health hazards, including exposure to toxic chemicals, risk of fire and explosion, spill, or hazardous waste, that could occur as a result of this proposal? If so, describe.

No

- (1) Describe special emergency services that might be required.

None

- (2) Proposed measures to reduce or control environmental health hazards, if any.

None

- b. Noise

- (1) What types of noise exist in the area which may affect your project (for example, traffic, equipment, operation, other)?

None

- (2) What types and levels of noise would be created by or associated with the project on a short-term or long-term basis (for example, traffic, construction, operation, other)? Indicate what hours noise would come from the site.

Short term there will be elevated noise levels from the installation of the piles.

Construction noise regulated by BCC 9.18

- (3) Proposed measures to reduce or control noise impacts, if any:

Work will take place only during the appropriate work hours as required by the building permit.

8. Land and Shoreline Use

- a. What is the current use of the site and adjacent properties?

Single Family Residential

- b. Has the site been used for agriculture? If so, describe.

No

- c. Describe any structures on the site.

Single family house, guest house, dock, and boat lift with canopy.

- d. Will any structures be demolished? If so, what?

Two mooring piles will be removed.

- e. What is the current zoning classification of the site?

R-1.8

- f. What is the current comprehensive plan designation of the site?

SF-L

- g. If applicable, what is the current shoreline master program designation of the site?

Shoreline Residential

- h. Has any part of the site been classified as an "environmentally sensitive" area? If so, specify.

Yes, Lake Washington

- i. Approximately how many people would reside or work in the completed project?

N/A

- j. Approximately how many people would the completed project displace?

None

- k. Proposed measures to avoid or reduce displacement impacts, if any:

None

- l. Proposed measures to ensure the proposal is compatible with existing and projected land uses and plans, if any:

None

9. Housing

- a. Approximately how many units would be provided, if any? Indicate whether high, middle, or low-income housing.
N/A

- b. Approximately how many units, if any, would be eliminated? Indicate whether high, middle, or low-income housing.
N/A

- c. Proposed measures to reduce or control housing impacts, if any:
None

10. Aesthetics

- a. What is the tallest height of any proposed structure(s), not including antennas; what is the principal exterior building material(s) proposed?
Approximately 6' above the OHWM.

- b. What views in the immediate vicinity would be altered or obstructed?
None

- c. Proposed measures to reduce or control aesthetic impacts, if any:
None

11. Light and Glare

- a. What type of light or glare will the proposal produce? What time of day would it mainly occur?
None

- b. Could light or glare from the finished project be a safety hazard or interfere with views?
No

- c. What existing off-site sources of light or glare may affect your proposal?
None

- d. Proposed measures to reduce or control light or glare impacts, if any:
None

12. Recreation

- a. What designated and informal recreational opportunities are in the immediate vicinity?
Boating and Fishing
- b. Would the proposed project displace any existing recreational uses? If so, describe.
No
- c. Proposed measures to reduce or control impacts on recreation, including recreation opportunities to be provided by the project or applicant, if any:
None

13. Historic and Cultural Preservation

- a. Are there any places or objects listed on, or proposed for, national, state, or local preservation registers known to be on or next to the site? If so, generally describe.
None known.
- b. Generally describe any landmarks or evidence of historic, archeological, scientific, or cultural importance known to be on or next to the site.
None known
- c. Proposed measures to reduce or control impacts, if any:
None

14. Transportation

- a. Identify public streets and highways serving the site, and describe proposed access to the existing street system. Show on site plans, if any.
Killarney Way
- b. Is site currently served by public transit? If not, what is the approximate distance to the nearest transit stop?
No
- c. How many parking spaces would be completed project have? How many would the project eliminate?
No change
- d. Will the proposal require any new roads or streets, or improvements to existing roads or streets, not including driveways? If so, generally describe (indicate whether public or private).
No
- e. Will the project use (or occur in the immediate vicinity of) water, rail, or air transportation? If so, generally describe.
Yes, the project is taking place in Lake Washington.
- f. How many vehicular trips per day would be generated by the completed project? If known, indicate when peak volumes would occur.
No change.
- g. Proposed measures to reduce or control transportation impacts, if any:
None

15. Public Services

- a. Would the project result in an increased need for the public services (for example: fire protection, police protection, health care, schools, other)? If so, generally describe.

No

- b. Proposed measures to reduce or control direct impacts on public services, if any.

None

16. Utilities

- a. Circle utilities currently available at the site: electricity, natural gas, water, refuse service, telephone, sanitary sewer, septic system, other.

electricity, natural gas, water, refuse service, telephone, sanitary sewer

- b. Describe the utilities that are proposed for the project, the utility providing the service, and the general construction activities on the site or in the immediate vicinity which might be needed.

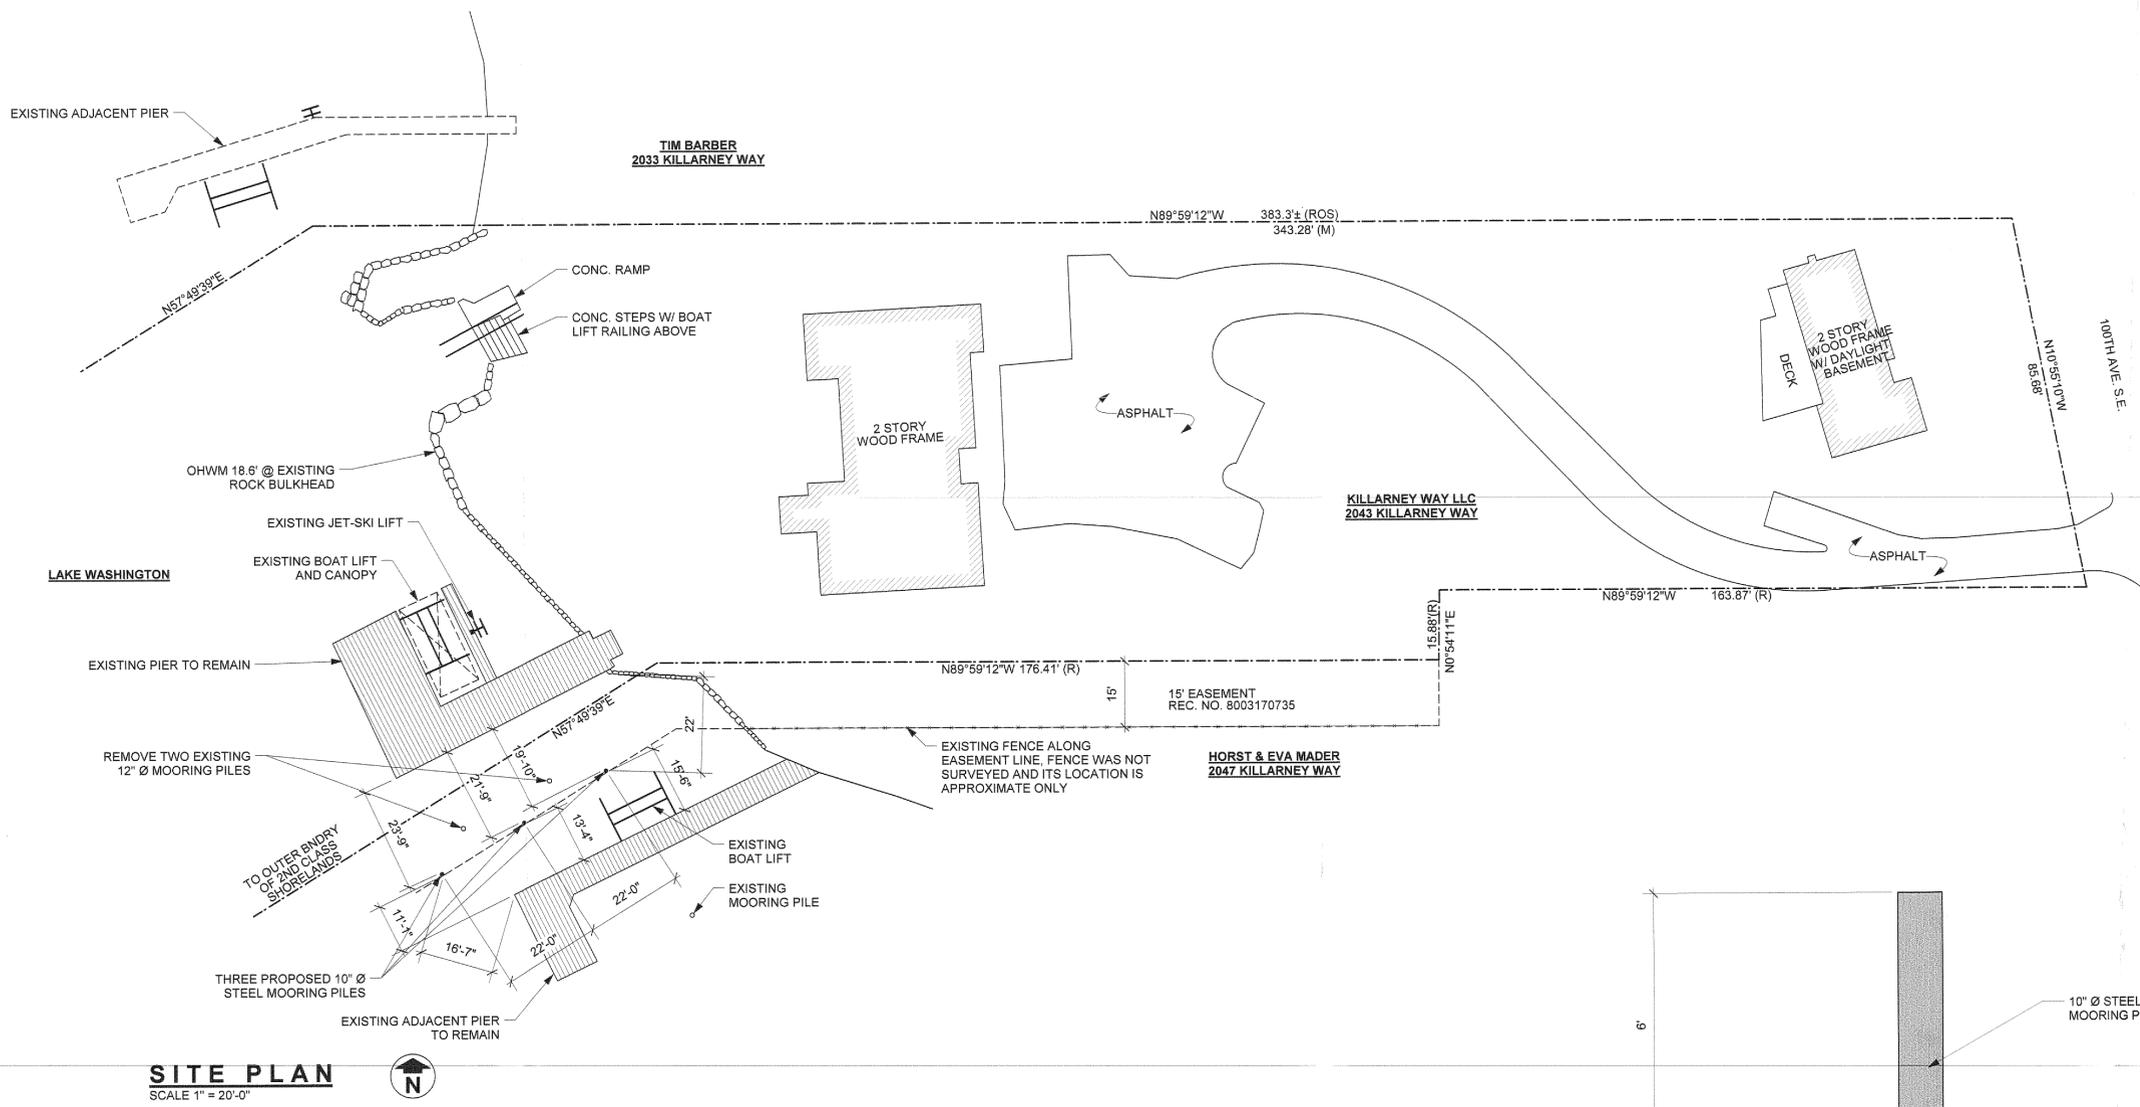

None

Signature

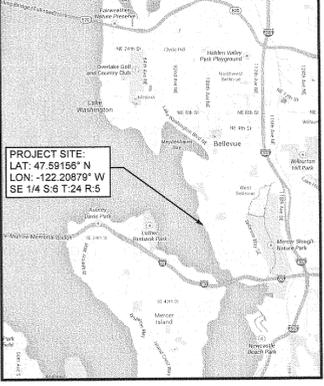

The above answers are true and complete to the best of my knowledge. I understand that the lead agency is relying on them to make its decision.

DECLARATION OF EASEMENT

RECORDED THIS DAY
MAR 17 4 05 PM '80
BY THE DIVISION OF
RECORDS & ELECTIONS
KING COUNTY

WHEREAS, Doyle E. Fowler and Barbara L. Fowler, his wife, are the owners of real property located in King County, Washington, identified as Parcel A in the exhibit attached hereto and legally described therein.

WHEREAS, Irene Fowler is the owner as her sole and separate estate of real property located in King County, Washington, identified as Parcels B and C combined as set in the exhibit attached hereto and legally described therein.

WHEREAS, Doyle E. Fowler and Barbara L. Fowler have previously been granted by H. D. Fowler and Irene Fowler an easement over part of the real property located in King County identified as Parcel C in the exhibit attached hereto and legally described therein.

NOW, THEREFORE, FOR A VALUABLE CONSIDERATION, it is hereby agreed as follows:

1. Irene Fowler does hereby grant, convey and create an easement over, under, across and along that parcel of property legally described as follows:

The northerly 15 feet of the westerly 176.41 feet and the northerly 15 feet of the second class shorelands of that certain real property located in King County Washington, identified as Parcels B and C combined in the exhibit attached hereto which parcels are legally described therein.

2. This easement is established for the benefit of that certain property located in King County, Washington, more particularly identified as Parcel A in the exhibit attached hereto and legally described therein.

3. The purpose for which this easement is granted is to permit the owners of Parcel A the exclusive right to landscape, use, and maintain said easement area for lawn or planting purposes and enter thereon for such purpose and, in addition, the exclusive right for any and all other purposes and uses, including ingress and egress and construction of improvements thereon, except to construct thereon all or a part of any permanent residential structure.

4. This easement shall be a covenant running with the land and in perpetuity and shall be binding upon and inure to the benefit of all parties hereto, their heirs, successors and/or assigns.

DATED this 14 day of March, 1980.

THIS IS TO CERTIFY that on this 22nd day of March,
1980, before me, the undersigned, a Notary Public in and for the
State of Washington, duly commissioned and sworn, personally
appeared Irene Fowler, to me known to be the individual described
in and who executed the within and foregoing instrument, and
acknowledged that she signed the same as her free and voluntary
act and deed, for the uses and purposes therein mentioned.

WITNESS my hand and official seal affixed the day and year
in this certificate above written.

William C. J. ...
NOTARY PUBLIC in and for the State of
Washington, residing at Seattle.

DESCRIPTIONS

PARCEL "A":

That portion of Gov't. Lot 5, Sec. 6, Twp. 24 North, Range 5 East W.M., and second class shorelands adjoining, described as follows:

Beginning on the east line of said Gov't. Lot 5 at a point which is South $0^{\circ}54'17''$ West 377.38 ft. from the NE corner thereof and running thence along said East line South $0^{\circ}54'17''$ West 84.12 ft.; thence North $89^{\circ}59'06''$ West 163.87 ft.; thence South $0^{\circ}54'17''$ West 15.88 ft.; thence North $89^{\circ}59'06''$ West 176.41 ft. M/L to the shoreline of Lake Washington; thence South $57^{\circ}49'45''$ West to the outer boundary of the Second Class Shorelands; thence North 17 along said outer boundary to a point which bears South $57^{\circ}49'45''$ West from the intersection of said shoreline with a line extended North $89^{\circ}59'06''$ West through the said Point of Beginning; thence North $57^{\circ}49'45''$ East to the intersection with the said extended line; thence South $89^{\circ}59'06''$ East 383.32 ft. M/L to the point of beginning; EXCEPT the portion thereof which lies East of the West line of 100th Ave. S.E.

PARCEL "B":

That portion of Gov't. Lot 5, Sec. 6, Twp. 24 North, Range 5 East W.M., described as follows:

Beginning on the east line of said Gov't. Lot 5 at a point which is South $0^{\circ}54'17''$ West 377.38 ft. from the NE corner thereof and running thence along said East line North $0^{\circ}54'17''$ East 15.88 ft.; thence North $89^{\circ}59'06''$ West 163.87 ft.; thence South $0^{\circ}54'17''$ West 15.88 ft.; thence South $89^{\circ}59'06''$ East 163.87 ft. to the Point of Beginning; EXCEPT that portion thereof which lies East of the West line of 100th Ave. S.E.

PARCELS "C" & "D" COMBINED:

That portion of Gov't. Lot 5, Sec. 6, Twp. 24 North, Range 5 East W.M., and second class shorelands adjoining, described as follows:

Beginning on the East line of said Gov't. Lot 5 at a point which is South $0^{\circ}54'17''$ West 327.50 ft. from the NE corner thereof and running thence along said East line North $0^{\circ}54'17''$ East 66.00 ft.; thence North $89^{\circ}59'06''$ West 163.87 ft.; thence South $0^{\circ}54'17''$ West 15.88 ft.; thence North $89^{\circ}59'06''$ West 176.41 ft. M/L to the shoreline of Lake Washington; thence South $57^{\circ}49'45''$ West to the outer boundary of the second class shore lands; thence Southerly along said outer boundary to a point which bears South $57^{\circ}49'45''$ West from the intersection of said shoreline with a line extended North $89^{\circ}59'06''$ West through the said Point of Beginning; thence North $57^{\circ}49'45''$ East to the intersection with the said extended line; thence South $89^{\circ}59'06''$ East 255.12 ft. M/L to the Point of Beginning; EXCEPT the portion thereof which lies East of the West line of 100th Ave. S.E.
