

Bellevue Neighborhoods Forum Series

Sharing Responsibility for the Common Good

featuring **Bill Grace**

Wednesday, February 29, 7–9 p.m.

Council Chambers Bellevue City Hall

KEYNOTE SPEAKER, **BILL GRACE**, Director of Common Good Works and author of “Sharing the Rock” will share his vision for stewardship and communal responsibility. He will ask Bellevue residents to look at how they can ensure a healthy community for themselves and future generations. Grace will help residents reach deeply into their shared values and will push them to care for themselves and their community, based on stewardship of the common good.

Following Grace’s inspirational keynote, participants will engage in small group discussions encouraging reflection on the common good as an important message for the times. Groups will identify issues and concerns they feel are important to advancing the common good in Bellevue. Dessert will be provided courtesy of Your Local Market.
