Submittal of these documents shall constitute compliance with subsection VIII.A.

- C. If the Contractor is a municipal entity or other government institution or jurisdiction, it shall submit to the County a copy of its annual report of examination/audit, conducted by the Washington State Auditor, within thirty (30) days of receipt, which submittal shall constitute compliance with subsection VIII.A.
- D. If the Contractor, for-profit or non-profit, receives in excess of \$100,000 in funds during its fiscal year from the County, it shall provide a fiscal year financial statement prepared by an independent Certified Public Accountant or Accounting Firm within six (6) months subsequent to the close of the Contractor's fiscal year.
- E. Additional audit or review requirements which may be imposed on the County will be passed on to the Contractor and the Contractor will be required to comply with any such requirements.

**IX. CORRECTIVE ACTION**

If the County determines that a breach of contract has occurred, that is, the Contractor has failed to comply with any terms or conditions of this Contract or the Contractor has failed to provide in any manner the work or services agreed to herein, and if the County deems said breach to warrant corrective action, the following sequential procedure will apply:

- A. The County will notify the Contractor in writing of the nature of the breach;
 

The Contractor shall respond in writing within three (3) working days of its receipt of such notification, which response shall indicate the steps being taken to correct the specified deficiencies. The corrective action plan shall specify the proposed completion date for bringing the Contract into compliance, which date shall not be more than ten (10) days from the date of the Contractor's response, unless the County, at its sole discretion, specifies in writing an extension in the number of days to complete the corrective actions;

- D. In addition, the County may withhold any payment owed the Contractor or prohibit the Contractor from incurring additional obligations of funds until the County is satisfied that corrective action has been taken or completed; and
- E. Nothing herein shall be deemed to affect or waive any rights the parties may have pursuant to Section II. Subsections B, C, D, and E.

**X. DISPUTE RESOLUTION**

- A. The parties shall use their best, good-faith efforts to cooperatively resolve disputes and problems that arise in connection with this Contract. Both parties will make a good faith effort to continue without delay to carry out their respective responsibilities under this Contract while attempting to resolve the dispute under this section.

- B. If a dispute arises between the parties that cannot be resolved by direct negotiation, the dispute shall be submitted to a dispute board for a non-binding determination. Each party shall timely appoint one member to the dispute board. Those members shall jointly appoint an additional member. Any costs of the dispute board shall be split evenly between the two parties. The dispute board shall timely review the facts, *Contract terms and applicable law and rules*, and make its determination. Provided that each party and the dispute board act in a timely manner, the parties agree not to seek legal or equitable relief in the courts until the dispute board renders its determination. Thereafter, either party may seek legal or equitable relief in the courts.

**XI. HOLD HARMLESS AND INDEMNIFICATION**

The Contractor shall protect, indemnify, and save harmless the County, its officers, agents, and employees from and against any and all claims, costs, and/or losses whatsoever occurring or resulting from (1) the Contractor's failure to pay any such compensation, wages, benefits, or taxes, and/or (2) the supplying to the Contractor of work, services, materials, or supplies by Contractor employees or other suppliers in connection with or support of the performance of this Contract.

- B. The Contractor further agrees that it is financially responsible for and will repay the County all indicated amounts following an audit exception which occurs due to the negligence, intentional act, and/or failure, for any reason, to comply with the terms of this Contract by the Contractor, its officers, employees, agents, or subcontractors. This duty to repay the County shall not be diminished or extinguished by the prior termination of the Contract pursuant to the Duration of Contract or the Termination section.
- C. The Contractor shall defend, indemnify, and hold harmless the County, its officers, employees, and agents from any and all costs, claims, judgments, and/or awards of damages, arising out of, or in any way resulting from, the negligent acts or omissions of the Contractor, its officers, employees, subcontractors and/or agents in its performance or non-performance of its obligations under this Contract. In the event the County incurs any judgment, award, and/or cost arising therefrom including attorneys' fees to enforce the provisions of this article, all such fees, expenses, and costs shall be recoverable from the Contractor.
- D. The County shall defend, indemnify, and hold harmless the Contractor, its officers, employees, and agents from any and all costs, claims, judgments, and/or awards of damages, arise out of, or in any way result from, the negligent acts or omissions of the County, its officers, employees, or agents in its performance or non-performance of its obligations under this Contract. award, and/or cost arising therefrom including attorneys' fees to enforce the provisions of this article, all such fees, expenses, and costs shall be recoverable from the County.

- E. Nothing contained within this provision shall affect and/or alter the application of any other provision contained within this Contract.

Failure by the Contractor, its agents, employees, officers, subcontractors, providers, and/or provider subcontractors to comply with the insurance requirements stated herein shall constitute a material breach of this Contract.

### B. Minimum Scope and Limits of Insurance

Nothing contained within these insurance requirements shall be deemed to limit the scope, application and/or limits of the coverage afforded by said policies, which coverage will apply to each insured to the full extent provided by the terms and conditions of the policy(s). Nothing contained within this provision shall affect and/or alter the application of any other provision contained within this Contract.

**XV. NONDISCRIMINATION IN SUBCONTRACTING PRACTICES**

- A. In accordance with the provisions of Washington Initiative 200, no County Minority and Women Business (M/WBE) utilization requirements shall apply to this Contract. No minimum level of M/WBE subcontractor participation or purchase from M/WBE certified vendors is required and no preference will be given by the County to a bidder or proposer for their M/WBE utilization or M/WBE status. The completion of County M/WBE forms which may be included in the Contract documents is not required. Provided, however, that any affirmative action requirements set forth in any federal regulations or statutes included or referenced in the Contract documents will continue to apply.
- B. During the term of this Contract, the Contractor shall not create barriers to open and fair opportunities for M/WBEs to participate in all County contracts and to obtain or compete for contracts and subcontracts as sources of supplies, equipment, construction and services. ### MEMORANDUM OF UNDERSTANDING ON THE LOCAL HAZARDOUS WASTE MANAGEMENT PROGRAM FOR 2008 ACTIVITIES

The Local Hazardous Waste Management Plan (hereafter referred to as the "Plan") as updated in 1997, was adopted by the partner agencies (King County Solid Waste Division, Seattle Public Utilities, King County Water and Land Resources Division and the Seattle-King County Department of Public Health) and cities located in King County. The Washington State Department of Ecology in accordance with RCW 70.105.220 subsequently approved the Plan. The City is an active and valued partner in the regional Local Hazardous Waste Management Program (hereafter referred to as the "Program").

The purpose of this Exhibit is to define the terms and conditions associated with the Program's funding of City activities performed under the auspices of the Plan and as approved by the Program's Management Coordination Committee (hereinafter referred to as the "MCC"). This Agreement further defines the responsibilities of the City and Seattle-King County Department of Public Health with respect to the transfer of Program monies.

#### Scope of Work

The City of Bellevue will act in cooperation with the nearby cities and towns of Beaux Arts Village, Clyde Hill, Hunt's Point, Medina and Yarrow Point.

Project # 1 – The City of Bellevue will provide community pollution prevention outreach and technical assistance by displays, materials, and workshops and events to seek out appropriate alternatives to, and/or properly handle and dispose of household hazardous waste. The City will also purchase storm drain markers to help protect local streams and lakes from storm water runoff.

Project # 2 – The City of Bellevue will provide oil and household hazardous waste research, outreach and technical assistance by hiring a consultant to continue the oil recycling program at Schucks stores and to develop ideas to increase motor oil collection. The City will continue to gather information on recycling and disposal options for compact fluorescent lights, tube fluorescent lights, cell phones, computer monitors and peripherals, and household batteries.

#### Responsibilities of the Parties

The responsibilities of the parties to this Contract shall be as follows:

##### A. The City

1. The City shall develop and submit project proposals and budget requests to the Program's Contract Administrator. Funds provided to the City by the Local Hazardous Waste Management Program pursuant to this Contract shall be used to implement hazardous waste programs and/or services as approved by the MCC.
2. For reimbursement the City shall submit the following to the Contract Administrator:

- a) An invoice (see Exhibit II). Invoices should be sent to the Contract Administrator for approval and payment.
  - b) A brief description of activity accomplished and funds expended in accordance with the scope of work.
  - c) Copies of invoices for expenditures or a financial statement prepared by the City's finance department. The financial statements should include vendor names, a description of services provided, date paid and a check or warrant number.
3. The City shall notify the Contract Administrator no later than December 15<sup>th</sup> regarding the amount of outstanding expenditures for which the City has not yet submitted a reimbursement request.
  4. It is the responsibility of the City to comply with all applicable county, state and/or federal reporting requirements with respect to the collection and transfer of moderate risk wastes. The City shall report to the Contract Administrator the quantity, by type, of moderate risk waste collected using Program funds. The City shall also provide the Contract Administrator with copies of EPA's Non-Hazardous Waste Manifest or similar form, associated with the transport of moderate risk waste collected through Program-funded events.
  5. The City is solely responsible for any and all spills, leaks or other emergencies arising at the facilities associated with the City's events or in any other way associated with activities conducted within the scope of this Contract. In the event of a spill or other emergency, the City is responsible for complying with all applicable laws and regulations.
  6. The City agrees to appropriately acknowledge the Program in all media produced – in part or in whole – with Program funds. The intent of this provision is to further strengthen this regional partnership in the public's mind.
  7. The City agrees to provide the Program with copies of all media material produced for local hazardous waste management events or activities that have been funded by the Program. The City also agrees to allow the Program to reproduce media materials created with Program money provided that the Program credits the City as the originator of that material.
  8. This project shall be administered by Thomas C. Spille at the City of Bellevue, P.O. Box 90012, Bellevue, at (425) 452-6964, (tspille@ci.bellevue.wa.us) or his designee.
  9. Questions or concerns regarding any issue associated with this Exhibit that cannot be handled by the Contract Administrator should be referred to the LHWMP Program Administrator for resolution.

**B. Seattle-King County Department of Public Health**

1. Seattle-King County Department of Public Health shall administer, via the attached Contract, the transfer of Program funds to the City for hazardous waste management events and activities.
2. Within forty-five (45) days of receiving a request for reimbursement from the City, the Contract Administrator shall either notify the City of any exceptions to the request which have been identified or shall process the request for payment. If any exceptions to the request are made, this shall be done by written notification to the City providing the

reason for such exception. The Contract Administrator will not authorize payment for activities and/or expenditures that are not included in the scope of work, unless the scope has been amended. The Contract Administrator retains the right to withhold all or partial payment if the City's invoices are incomplete (e.g. they do not include proper documentation of expenditures for which reimbursement is being requested) or are not consistent with the submitted scope of work.

## CITY COUNCIL AGENDA MEMORANDUM

### SUBJECT

Ordinance No. 5824 authorizing execution of an interlocal agreement with Seattle-King County Department of Public Health (DOH) to accept grant reimbursement funds to implement hazardous waste prevention and education programs in accordance with the Local Hazardous Waste Management Plan (LHWMP); establish a project within the Operating Grants and Donations Fund; and appropriate unanticipated and future revenues to that fund; and authorizing expenditures of said grant funds.

### FISCAL IMPACT

The Agreement will provide \$57,894.09 from the DOH to implement two hazardous waste education and collection projects in 2008. While this grant does not require matching funding, it is used to provide \$23,000 in matching funds for the Coordinated Prevention Grant, a two-year grant previously approved by Council that expires in 2009. Attachment I provides more information regarding allocation of project funds between grants. No new City funding is required for acceptance of this grant. Sufficient budget exists in the 2008 Solid Waste Fund to implement these projects, but an amendment will be needed for the Operating Grants and Donations Fund.

With Council approval, the City has participated in this grant program since 1991. This grant is provided on a reimbursement basis and is retroactive to January 1, 2008.

### POLICY CONSIDERATION

It has been determined that moderate risk waste, which is sometimes disposed with solid waste, can cause potential public health and environmental problems. To reduce and divert hazardous waste from the solid waste stream and in compliance with state law (RCW 70.105.220(1)), the City, along with the City of Seattle, King County, the DOH and other suburban cities, has prepared a LHWMP to fund and implement specific hazardous waste programs. The City adopted the LHWMP on May 14, 1991 (Resolution No. 5266).

Acceptance of grant funds for hazardous waste projects will enable the City to continue providing these popular services to businesses and residents. These projects have continually grown in popularity since their inception.

## **BACKGROUND**

The DOH has made reimbursement funding available to suburban cities to implement hazardous waste education and collection programs every year since 1991.

The LHWMP funding is made available on a "base plus per capita" basis. Each city receives \$5,000, plus a per capita share. The City's share for 2008 is \$31,224.08. The cumulative share of Beaux Arts, Clyde Hill, Hunts Point, Medina and Yarrow Point (the "Point Cities") is \$26,670.01 or 46% of the total share for 2008. In the interest of regional cooperation and to maximize this grant funding, the City and the Point Cities have participated together in funding projects since 1992. The Point Cities have agreed to provide their share of reimbursement funding to Bellevue for these purposes. As a result of this combined effort, the total reimbursement funding available to Bellevue for 2008 is \$57,894.09.

Projects proposed under this 2008 interlocal agreement include the following (Attachment 1 provides more detailed descriptions):

### **Pollution Prevention Outreach & Technical Assistance**

Recent studies documenting pesticides and other hazardous wastes in local streams and their impact on salmon, point to the need to increase awareness and reduce the use of these chemicals. This project will use a variety of outreach and technical assistance methods to encourage Bellevue area residents and businesses to seek out appropriate alternatives to, and/or properly handle and dispose of hazardous waste. This project will also fund the purchase and placement of storm drain markers to encourage residents to protect streams and lakes from pollutants.

### **Used Motor Oil and Household Hazardous Waste Research, Outreach & Technical Assistance**

Bellevue has promoted an on-site used motor oil and oil filter recycling collection program since 1993. Approximately 30 private Bellevue businesses are associated with the program and offer these services to City residents. Used motor oil generation in the City is tracked, and do-it-yourself motor oil changers are educated about options for recycling used motor oil. Sites for recycling used motor oil and used oil filters are actively recruited. This project also includes determining the recycling and proper disposal options available to local residents for household hazardous waste, educating residents about these options and working to expand these options.

## **EFFECTIVE DATE**

If adopted by Council, this Ordinance becomes effective on July 30, 2008.

## **OPTIONS**

1. Adopt Ordinance No. 5826 authorizing execution of an interlocal agreement with Seattle-King County Department of Public Health (DOH) to accept grant reimbursement funds to implement hazardous waste prevention and education programs in accordance with the Local Hazardous Waste Management Plan (LHWMP); establish a project within

the Operating Grants and Donations Fund; and appropriate unanticipated and future revenues to that fund.

2. Do not adopt Ordinance No. 5826. Failure to enter into the interlocal agreement would result in the loss of \$57,894.09 from the Health Department to provide hazardous waste education and collection services.

**PROJECT DESCRIPTIONS**

**A. POLLUTION PREVENTION OUTREACH & TECHNICAL ASSISTANCE**

**Project Cost:** \$66,894.09  
**Grant Amount:** \$42,894.09  
**Match:** None Required  
**Other Project Funding:** \$24,000.00 (Coordinated Prevention Grant, 50% portion of \$48,000.00 to be used in 2008 for the Storm Drain Marker Project)  
**Provides Match For:** \$8,000 of the grant amount is used to match the Coordinated Prevention Grant  
**Schedule:** January 1, 2008 to December 31, 2008

**Goal:**

The goal of this project is to protect public health and the environment by encouraging Bellevue customers to seek alternatives and prevention strategies for household hazardous wastes (HHW) and business Small Quantity Generator (SQG) hazardous wastes, and to properly handle and dispose of hazardous waste.

**History:**

In past years, the City has made efforts to encourage residents to adopt more "natural" approach to developing and caring for landscapes by promoting natural lawn and garden care. The City has also promoted the safe use and proper disposal of HHW through a variety of displays, web resources, outreach materials, technical assistance, classes and events.

In 2004, the City began a three-city technical assistance plan with Redmond, Issaquah and the Local Hazardous Waste Management Program. The LHWMP began providing on-site technical assistance visits to Bellevue businesses in 2005.

**Project Description:**

This project will augment the LHWMP technical assistance visits, provide additional follow-up to businesses, provide education materials, assist with proper storage and disposal of hazardous waste and help businesses implement surface water pollution prevention measures.

To accomplish the goals of this project, the City will use the following approaches:

- Displays. Create displays that promote alternatives to HHW, proper use and storage of HHW, how to properly dispose of or recycle unused HHW, and educate about the impact of improper HHW use on environment and public health
- Outreach Materials & Technical Assistance. Develop and distribute a variety of outreach materials and provide technical assistance to customers where a significant impact may be made and/or that will serve as role models.
- Workshops and Events. Develop workshops that can be offered at community/neighborhood events or as stand alone events that will teach customers about prevention strategies to use of HHW, alternatives to using pesticides or other HHW, how

to properly use and store HHW, and/or how to properly dispose of or recycle HHW.

- Storm Drain Markers. Purchase and place more than 10,000 highly visible 4-inch diameter plastic storm drain markers. The markers state "Don't Pollute, Drains to Stream." These markers are expected to last up to 15 years.

**Expected Outcomes/Impacts:**

The City expects the following outcomes/impacts:

- 50% of workshop attendees will modify their behaviors and yard maintenance practices.
- Increase number of storm drainage stenciling kits so that volunteer requests can be met 100% of the time.
- 25 tons of material collected at hazardous waste collection events.
- 50% of businesses receiving follow-up visits will modify their behaviors and best management practices.

**B. USED MOTOR OIL & HOUSEHOLD HAZARDOUS WASTE OUTREACH & TECHNICAL ASSISTANCE**

**Project Cost:** \$30,917.00  
**Grant Amount:** \$15,000.00  
**Match:** none required  
**Other Project Funding:** \$15,917.00 (Coordinated Prevention Grant, 50% portion of \$31,834.00 to be used in 2008)  
**Provides Match For:** \$15,000 of the grant amount is used to match the Coordinated Prevention Grant  
**Schedule:** January 1, 2008 to December 31, 2008

**Goals:**

The goal of this project is to increase the amount of motor oil recycled and the amount of re-refined motor oil purchased in Bellevue.

**History:**

Bellevue has promoted a used motor oil recycling collection program since 1993, achieving national recognition via feature articles in the March, 1995 and April, 2005 issues of *Resource Recycling Magazine*. Approximately 30 private Bellevue businesses have been recruited by the program and offer these services to their customers. Used motor oil generation in the City is tracked, and do-it-yourself motor oil changers are educated about options for recycling used motor oil. The use of re-refined motor oil is promoted to residents and business fleets.

**Project Description:**

To accomplish project goals, a consultant will be hired to perform the following activities:

- **Schuck's Promotional Activities.** Work with Schuck's to develop ideas that should result in increased used motor oil collection.
- **Motor Oil Volume Tracking & Project Effectiveness.** Track motor oil sales, used motor oil and used oil filter volumes recycled, number of sites recycling used motor oil and/or used oil filters, and the number of fleets using re-refined oil during the project.
- **Recruit Motor Oil & Filter Collection Participant Businesses.** Continue to identify and contact (in person) potential businesses to encourage and offer technical assistance in siting used motor oil collection tanks for use by the public.
- **Assist Meydenbauer Marina.** Work with Meydenbauer Marina to gain certification as a clean marina through the Puget Soundkeeper Alliance program.

**Expected Outcomes/Impacts:**

It is expected that the number of collection sites for used motor oil and oil filters will be maintained or expanded, and the volume of motor oil and filters collected to be maintained at current levels or increased. Staff also expects to further expand knowledge and information regarding baseline data on targeted HHW generated in the City and increase the volume of these materials/products being properly disposed.
