CITY OF BELLEVUE, WASHINGTON

ORDINANCE NO. 4084

AN ORDINANCE regarding permit fees under the Bellevue Construction Code and Land Use Code; and amending Ordinance No. 4032.

THE CITY COUNCIL OF THE CITY OF BELLEVUE, WASHINGTON, DOES ORDAIN AS FOLLOWS:

Section 1. Section 1 of Ordinance No. 4032 is amended to read as follows, and the following fees are established:

BUILDING CODE

Uniform Building Code Section 304 amended -- Building permit fees.

Section 304 of the Uniform Building Code is amended to read as follows:

"Section 304.

"(a) Building permit fees. A fee for each building, swimming pool and excavation/shoring permit shall be paid to the Building Official, as set forth in Table No. 3-A.

The determination of value or valuation under any of the provisions of this code shall be made by the Building Official on the basis of the Building Valuation Data published quarterly in the International Conference of Building Officials' Building Standards. The valuation to be used in computing the permit and plan-check fees shall be the total value of all construction work for which the permit is issued, as well as all finish work, painting, roofing, electrical, plumbing, heating, air conditioning, elevators, fire-extinguishing systems or any other permanent work or permanent equipment.

Where work for which a permit is required by this Code is started or proceeded with prior to obtaining said permit, the fees specified in Table No. 3-A shall be doubled, but the payment of such double fee shall not relieve any persons from fully complying with the requirements of this Code in the execution of the work nor from any other penalties prescribed herein:

0191C  
12/06/89

Table No. 3-A -- Building Permit Fees

<u>Total Valuation</u>	<u>Fees</u>
\$1.00 to \$500.00	\$17.00
\$501.00 to \$2,000.00	\$17.00 for the first \$500.00 plus \$2.60 for each additional \$100.00 or fraction thereof, to and including \$2,000.00
\$2,001.00 to \$25,000.00	\$55.50 for the first \$2,000.00 plus \$10.30 for each additional \$1,000.00 or fraction thereof, to and including \$25,000.00
\$25,001.00 to \$50,000.00	\$290.70 for the first \$25,000.00 plus \$7.70 for each additional \$1,000.00 or fraction thereof, to and including \$50,000.00
\$50,001.00 to \$100,000.00	\$481.60 for the first \$50,000.00 plus \$5.00 for each additional \$1,000.00 or fraction thereof, to and including \$100,000.00
\$100,001.00 and up	\$738.20 for the first \$100,000.00 plus \$4.30 for each additional \$1,000.00 or fraction thereof

- (b) Plan-checking Fees. When a plan or other data is required to be submitted by Subsection (b) of Section 302, a plan-checking fee shall be paid to the City.

Said plan-checking fees shall be 65 percent of the building permit fees as set forth in Table No. 3-A. The plan-checking fees for "fast-track" projects under Section 303(a) shall be 100 percent of the building permit fees as set forth in Table No. 3-A.

Where plans are incomplete, or changed so as to require additional plan checking, an additional plan-check fee shall be charged at a rate established by the Building Official.

The Building Official shall remit any excess of the deposit over the plan-check fee owed. If the deposit is insufficient to cover the plan-check fee owed, the applicant shall pay the amount of the insufficiency. In the event that plans are not

0191C  
12/06/89

retrieved by an applicant the Building Official shall retain the security deposit.

- (c) Surcharge for Public Works Review. Whenever a plan-checking fee is required by this section for proposed construction of buildings other than those of Groups R3 and M Occupancies, a surcharge to defray costs of plan review, survey and inspections by the Department of Public Works and Utilities shall be paid to the Building official. Said surcharge shall be 60 percent of the sum of the building permit fees as set forth in Table 3-A together with the plan-checking fee calculated pursuant to Subsection (b) of this Section.
- (d) Expiration of Plan Check. Upon expiration of an application for building permit, plans submitted for checking may thereafter be returned to the applicant or destroyed by the Building Official. In order to renew action on an application after expiration, the applicant shall resubmit plans and pay a new plan-check fee.
- (e) Other Inspections and Fees:
  - 1. Inspections outside of normal business hours (minimum charge -- two hours) \$33.00 per hour
  - 2. Reinspection fee assessed under provisions of Section 305(g) \$33.00 per hour
  - 3. Inspections for which no fee is specifically indicated (minimum charge - one-half hour) \$33.00 per hour
  - 4. Additional plan review required by changes, additions or revisions to approved plans hour (minimum charge -- one-half hour) \$33.00 per hour
- (f) Fee Refunds.
  - 1. The Building Official may authorize the refunding of any fee paid hereunder which was erroneously paid or collected.
  - 2. The Building Official may authorize the refunding of not more than 80 percent of the building permit fee paid when no work has been done under a permit issued in accordance with this code.

0191C  
12/06/89

3. The Building Official may authorize the refunding of not more than 80 percent of the plan-checking fee paid when an application for a permit for which a plan-checking fee has been paid is withdrawn or cancelled before any plan-checking is done.

The Building Official shall not authorize the refunding of any fee paid except upon written application filed by the original permittee not later than 180 days after the date of fee payment."

(g) Processing Fee.

In addition to the fees specified above, a processing fee shall be paid to the Building Official for each building permit (and each demolition permit) in the amount of \$15.00, provided such processing fee shall not apply to permits for single family dwellings or for additions to or alterations of single family dwellings. For purposes of this section, single family dwelling shall mean a building containing but one kitchen, designed for occupancy exclusively by one family.

(h) Systems Development Fee.

In addition to the fees specified above, a systems development fee shall be paid to the Building Official for each building permit (and each demolition permit) in the amount of \$10.00.

Section 2. Section 2 of Ordinance No. 4032 is amended to read as follows, and the following fees are established:

ELECTRICAL CODES

Fees.

- A. General Minimum Fees. The following schedule of fees shall be collected by the building official as a condition precedent to issuance of permits required under the electrical code. Where no definite method is prescribed in this section for calculating the amount of fee for an electrical permit, or the checking of plans pertaining thereto, such fee shall be determined by the building official as near as may be to cover the costs of plan checking, permit and inspection. When electrical wiring is done without the required permit, the fee shall be double the fee fixed by this chapter. All fees shall be paid in full before final approval is given.
- B. Electrical Permit Fee. A permit fee for electrical permits shall be determined based on contract price or time and

0191C  
12/06/89

materials as follows (where contract price is unknown, the value of work shall be determined by the building official. Contract price is defined as all labor and materials required to complete the electrical installation):

1. Electrical Permit Fees

<u>Total Contract Cost</u>	<u>Fees</u>
up to \$250,000	\$29.00.
\$251.00 to \$1,000.00	\$29.00 for first \$250.00 plus three percent of cost over \$250.00.
\$1,001.00 to \$5,000.00	\$60.00 for first \$1,000.00 plus one and one half percent of cost over \$1,000.00.
\$5,001.00 to \$50,000.00	\$145.00 for first \$5,000.00 plus one percent of cost over \$5,000.00.
\$50,001.00 to \$250,000.00	\$784.00 for first \$50,000.00 plus eight-tenths of one percent of cost over \$50,000.00.
\$250,001.00 to \$1,000,000.00	\$3,057.00 for first \$250,000.00 plus six-tenths of one percent of cost over \$250,000.00.
\$1,000,000.00 and up	\$9,451.00 for first \$1,000,000.00 plus four-tenths of one percent of cost over \$1,000,000.00.

Limited voltage installations shall be 25 percent of the above amounts, with a \$20.00 minimum.

2. Other Electrical Permit Fees:

<u>Description</u>	<u>Fees</u>
a. Swimming pools, hottubs, saunas and similar installations requiring a separate permit	\$35.00
b. Service charges and remodeling, residential only.	

0191C  
12/06/89

<u>Size</u>	
100 amp - 200 amp	\$14.00 plus \$0.70 per circuit pickup and \$1.40 for each new circuit.
over 200 amp - 600 amp	\$35.00 plus \$.070 per circuit pick-up and \$1.40 per each new circuit
c. Signs (new circuit installations)	\$29.00
d. Fees per temporary service on construction sites are as follows:	

<u>Size</u>	
1 to 125A	\$29.00
126 to 200A	\$43.00
201 to 400A	\$64.00
401 to 500A and above	in accordance with subdivision 1 of this subsection.

e. Fees for temporary service at carnivals are as follows:	
Base fee	\$71.00
Charge per concession	\$14.00
Maximum Charge	\$355.00

- C. Plan Checking Fee. Where plans or specifications, or both, describing an electrical installation are checked by the building official to determine the extent of their compliance with the electrical code, the charge shall be ten percent of the fee prescribed for an electrical permit based on such plans and/or specifications. Ten percent of the total fee must be paid before the plans and/or specifications are checked and shall be transmitted to the clerk for deposit to the general fund.
- D. Redesign Fee. Where a redesign is submitted after one design has been checked, whether approved or not, an additional fee shall be paid for in proportion to the amount of the design affected. Credit upon the permit fee shall be limited to ten percent of the permit fee for the finally approved installation.

0191C  
12/06/89

- E. **Fee When Costs Unknown.** When the cost of the job is not known at the time the plans and/or specifications are submitted for checking, the building official shall estimate the cost of the proposed installation and determine the amount of examination and permit fees. If protest is made in writing to the estimate and charge, the fee collected shall be deposited in a suspense fund created for that purpose until work is completed and proof of cost submitted by applicant. Any excess of deposit shall be returned to the permittee and the residue transmitted to the city general fund.
- F. **Complexes.** A separate permit is required for each building of an apartment or condominium complex. If individual buildings do not have a separate contract price, the total price contract shall be divided by the number of buildings in the complex to determine the contract price for each building.
- G. In addition to the fees specified above, a processing fee shall be paid to the building official for each permit in the amount of \$15.00, provided such processing fee shall not apply to permits for single family dwellings. For purposes of this section, single family dwelling shall mean a building containing but one kitchen, designed for occupancy exclusively by one family.
- H. **Systems Development Fee.** In addition to the fees specified above, a systems development fee shall be paid to the Building Official for each permit in the amount of \$10.00.

Section 3. Section 3 of Ordinance No. 4032 is amended to read as follows, and the following fees are established:

section. The plan check fee shall be  
paid in addition to the permit fee  
or fees.

(c) General. The fee called for in this section does not include  
the electrical wiring, the fee for the installation of which is  
covered in Section 2 of this ordinance.

(d) Processing Fee. In addition to the fees above, a processing  
fee in the amount of \$15.00 shall be paid, provided the fee  
for a single family dwelling shall be \$10.00.

(e) Systems Development Fee. In addition to the fees specified  
above, a systems development fee shall be paid to the Building  
Official for each permit in the amount of \$10.00.

Section 4. Section 4 of Ordinance No. 4032 is amended to read as  
follows, and the following fees are established::

PLUMBING CODE

0191C  
12/06/89

- A. Every applicant for a permit to install, add to, alter, relocate or replace a plumbing or drainage system, or fire sprinkler system, or part thereof, shall state in writing on the application form provided for that purpose, the character of work proposed to be done and the amount and kind in connection therewith, together with such information pertinent thereto as may be required.

Such applicant shall pay for each permit issued at the time of issuance, a fee in accordance with the following schedule, and at the rate provided for each classification shown therein.

Any person who shall commence any plumbing work for which a permit is required by this code without first having obtained a permit therefor shall, if subsequently permitted to obtain a permit, pay double the permit fee fixed by this section for such work, provided, however, that this provision shall not apply to emergency work when it shall be proved to the satisfaction of the building official that such work was urgently necessary and that it was not practical to obtain a permit therefor before the commencement of the work. In all such cases a permit must be obtained as soon as it is practical to do so, and if there be an unreasonable delay in obtaining such permit, a double fee as herein provided shall be charged.

For the purpose of this section a sanitary plumbing outlet on or to which a plumbing fixture or appliance may be set or attached shall be construed to be a fixture. Fees for reconnection and retest of existing plumbing system in relocated buildings shall be based on the number of plumbing fixtures, gas systems, water heaters, etc., involved.

When interceptor traps or house trailer site traps are installed at the same time as a building sewer on any lot, no sewer permit shall be required for the connection of any such trap to an appropriate inlet fitting provided in the building sewer by the contractor constructing such sewer.

When a permit has been obtained to connect an existing building or existing work to the public sewer or to connect to a new private disposal facility, backfilling of private sewage disposal facilities abandoned consequent to such connection are included in the building sewer permit.

Before a permit may be issued for the installation, construction or replacing of plumbing fixtures, the following requirements must be met and the fees specified must be paid.

0191C  
12/06/89

I. Plumbing Plan Examining Fees.

- (a) Two sets of mechanical plumbing plans and specifications giving the information required in subsection (b) shall be submitted with an application to the building official before the issuance of any plumbing permit for installation, alteration, or replacement of any system or portion of a system.

Exception:

- (1) Single family dwelling when work is done by a licensed contractor.
- (2) Multi-family buildings less than four stories.
- (3) Commercial remodel or tenant improvement of space with installation of less than six new fixtures.

- (b) The plumbing plan to be filed under this section shall contain the following information:

- (1) A drawing (2 sets) showing size and type of sanitary drain; location of underground building drain; riser diagram with waste and vent pipe sizing and location with description of fixtures, including roof and floor drains, and water distribution system.

- (2) Before the issuance of a plumbing permit the following permit plan examining fee shall be paid;

- A. Allowing the first twenty plumbing fixtures, appliances, or devices, and the first floor provided the fee for single family dwellings shall be \$10.00. For purposes of this section, single family dwelling shall mean a building containing but one kitchen, designed for occupancy exclusively by one family. \$18.00
- B. An additional fee for each ten fixtures, appliances, or devices, or fraction thereof,

0191C  
12/06/89

	in addition shall be	8.80
C.	For each additional floor level above the first floor	8.80
II.	Before a permit may be issued for the installation, construction, or replacing of plumbing fixtures, or alteration or repair of a plumbing or drainage system, fees in accordance with the following table shall be paid:	
(1)	For the issuance of permits and first fixture, appliance, device, rain water leader or opening for future connection	\$18.00
(2)	For each additional fixture, appliance, device or opening for future connection	6.60
(3)	For each installation or water service pipe or replacement of water service pipe:	
A.	3/4" and 1"	14.00
B.	1-1/4" and 1-1/2"	21.00
C.	2"	29.00
D.	3"	35.00
E.	4"	43.00
F.	For fixture supply piping alone, the same fee schedules as in A through E shall apply.	
G.	For each water backflow protection device, the fee shall be based on water pipe size as in A through E.	
(4)	For each trailer space in a trailer park or outside a trailer park, having a drain or water connection	43.00
(5)	For each fire hydrant or fire hose valve	8.80
(6)	For each lawn or landscape sprinkling system, the water service supply pipe for	

0191C  
12/06/89

sprinkling systems, including low pressure backflow preventer valve, or the sprinkler circuit valve and vacuum breaker shall be based on the same fee schedule as for water services under subsections (3)A through E. The fee for a sprinkler valve and vacuum breaker replacement shall be based on the fee schedule under sections (3)A through E.

- |                                                                               |                                                                                              |       |
|-------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------|-------|
| (7)                                                                           | For water service to main control valve for automatic fire sprinkler system, the minimum fee | 21.00 |
| (8) Fees for fire extinguishing sprinkler system permits shall be as follows: |                                                                                              |       |
| 1.                                                                            | 50 heads or less                                                                             | 35.00 |
| 2.                                                                            | 51 heads to 100 heads<br>(plus .55 cents a head in excess of 50)                             | 35.00 |
| 3.                                                                            | Over 100 heads<br>(plus .44 cents a head in excess of 100)                                   | 64.00 |

For the purpose of this section, 'fixture' means and includes any appliance which connects to water, drain or vent, except that no hose bib or sillcock shall be considered a 'fixture.'

Fees for inspections outside of regular working hours shall be charged for at a rate of one and one-half times the hourly rate of the inspector, minimum charge, two hours.

B. Fee Refunds.

1. The building official may authorize the refunding of any fee hereunder which was erroneously paid or collected.
2. The building official may authorize the refunding of not more than 80 percent of the permit fee paid when no work has been done under a permit issued in accordance with this code.

0191C  
12/06/89

3. The building official may authorize the refunding of not more than 80 percent of the plan review fee when an application for a permit for which a plan review fee has been paid is withdrawn or cancelled before any plan reviewing is done.

The building official shall not authorize the refunding of any fee paid except upon written application filed by the original permittee not later than 180 days after the date of fee payment.

- C. Systems Development Fee. In addition to the fees specified above, a systems development fee shall be paid to the Building Official for each permit in the amount of \$10.00.
- D. Processing fee. In addition to the fees above, a processing fee in the amount of \$15.00 shall be paid, provided the fee shall be \$10.00 for a single family dwelling.

Section 5. Section 5 of Ordinance No. 3977 is repealed.

Section 6. Section 6 of Ordinance No. 4032 is amended to read as follows, and the following fees are established:

SOLAR ENERGY CODE

23.10.052 Uniform Solar Energy Code Section 20.6 amended -- Costs of permit.

Section 20.6 of the Uniform Solar Energy Code, as adopted by this chapter, is amended to read as follows:

"20.6 Every applicant for a permit to do work regulated by this Code, shall state in writing on the application form provided for that purpose, the character of work proposed to be done and the amount and kind in connection therewith, together with such information pertinent thereto, as may be required.

"Such applicant shall pay for each permit at the time of issuance, a fee in accordance with the following schedule, and at the rate provided for each classification shown herein.

"Any person who shall commence any work for which a permit is required by this code without first having obtained a permit therefore shall, if subsequently permitted to obtain a permit, pay double the permit fee fixed by this section for such work, provided, however, that this provision shall not apply to emergency work when it shall be provided to the satisfaction of the building official

0191C  
12/06/89

that such work was urgently necessary and that it was not practical to obtain a permit therefore before the commencement of the work. In all such cases, a permit must be obtained as soon as it is practical to do so, and if there be an unreasonable delay in obtaining such a permit, a double fee as herein provided shall be charged.

"SCHEDULE OF FEES

1. For collectors (including related piping and regulating devices) -- up to 2,000 square feet (93m<sup>2</sup>) 7.10  
More than 2,000 square feet (186m<sup>2</sup>) 7.10  
plus 1.40 per 1,000 square feet (93m<sup>2</sup>) or fraction thereof over 2,000 square feet (186m<sup>2</sup>)
2. For storage tanks (including related piping and regulating devices) 7.10
3. For rock storage 7.10
4. For each appliance or piece of equipment regulated by this Code for which no fee is listed 7.10
5. Plan check fee.  
A plan check fee shall be charged equal to one-half the total permit fee, excluding the permit issuance. Note: These fees do not include permit fees for any parts of the solar system which are subject to the requirements of other applicable codes.
6. In addition to the fees specified above, a processing fee in the amount of \$15.00 shall be paid for each permit, provided such fee shall not apply to single family dwellings. For purposes of this section a single family dwelling means a building containing but one kitchen, designed for occupancy exclusively by one family.
7. In addition to the fees specified above, a systems development fee shall be paid to the Building Official for each permit in the
