

Bellevue Neighborhoods Forum

Going Green in Your Home and Neighborhood

Tuesday, June 30, 7-8:30 p.m.
City Hall Council Chambers and Concourse
450 110th Avenue NE

Speaker's Panel

Resource Fair

Table Discussions

Hear tales of going green from Bellevue residents working in Eastside Energy Corps, Farmer Frog, 12,000 Rain Gardens for Puget Sound, Master Naturalists and other environmentally friendly organizations.

Walk away with the information and tools you need to make your home, neighborhood, and community go green!

Topics include energy efficiency, urban agriculture, rain gardens, pedestrian/bike infrastructure, backyard habitat, solar energy, and more.

Going green is fun and makes a difference!

For more information, contact Paul Andersson, pandersson@bellevuewa.gov or **425-452-6129**.

Bellevue Neighborhoods Forum is sponsored by City of Bellevue Neighborhood Outreach and the Environmental Stewardship Initiative.
