### Kelsey Creek Horsemanship Mini Camps

This is the place for you and your child to learn about equine. Prior to registering your child, keep in mind a few qualifications are needed for success in any riding class. The most important factors are motivation, strength, and sufficient balance to manage their own body and control a horse. Children also need to be able to listen for a minimum of 30 minutes. A parent/guardian required to stay for the first day of class while your child's needs are assessed, and may require you to stay — at the instructor's discretion — for the remainder of class sessions. Dress for the weather! We teach rain or shine. Boots with 1/2" heel required, and are available for rental for \$5 per day or \$15 for the entire session. Riding helmets provided. Safety is emphasized in all classes. Min 6/Max 6

## Mad Science - Camp Brainiac

The Scientist is not a person who gives the right answers, they are the ones who ask the right questions. What do Leonardo Da Vinci, Alexander Graham Bell, Steve Jobs, Bill Gates and YOU all have in common? All are scientists who, in different ways, asked "why?" and followed up with research, and experiments, and then invented something amazing. We will examine inventions of the past, and create our own inventions for the future. You will also apply for, and receive, your very own patent. Equipped with our five senses, we explore the universe around us and call the adventure Science.
