

# Horsekeeping Classes in Bridle Trails

All workshops are FREE! and will be held at the Bellevue Golf Course 5500 140th Ave NE

Check out these upcoming workshops for horseowners in the Bridle Trails area. And stay tuned for a farm tour this summer! To find out more, visit: [www.horsesforcleanwater.com](http://www.horsesforcleanwater.com)

## Tips for Healthy Hooves

**Thursday, March 6, 6:30 – 9 pm**

The quality of your horse's hooves are a reflection of his genetics and the care you provide. While you may not be able to change his genetics, there are strategies available to maximize your horse's potential. Join Alayne Bickle of Horses for Clean Water and equine veterinarian (and former farrier) Dr. Hank Greenwald to explore a variety of actions you can take to improve the health of your horse's hooves. This presentation will concentrate on practical things you can do such as mud management, nutrition, exercise and hoof care to keep your horse happy, healthy and a real athlete.

**Sign up online at: [healthy-hooves.eventbrite.com](http://healthy-hooves.eventbrite.com)**

## Holistic Approach to Manure Management

**Thursday, April 3, 6:30 – 9 pm**

Learn the latest on manure management and horse health. Hear from equine veterinarian Dr. Hank Greenwald and Horses for Clean Water's Alayne Bickle about a holistic approach to parasite control and manure management. Learn how to compost horse manure, off-site options for dealing with stall waste and view the latest techniques for reducing stall waste in the barn. Hear about techniques to target parasite control, resistance to dewormers, "natural" options and how to safely cut back on deworming. Save money, keep your horse healthy AND keep the environment healthy, too!

**Sign up online at: [manage-manure.eventbrite.com](http://manage-manure.eventbrite.com)**

Questions? Contact Alayne Bickle at [alayne@horsesforcleanwater.com](mailto:alayne@horsesforcleanwater.com)

*This program is funded by a grant from King Conservation District in a partnership with the City of Bellevue, the City of Kirkland and Horses for Clean Water.*
